Santa Ana, CA 92704

Dear Ian Gecker:

Subject: Airysol Brand Insect Killer
EPA Registration No. 33176-21
Your Application Dated September 11, 1986

The proposed amendment to the registration of the subject product, to update the Storage and Disposal statement and to include a Statement of Practical Treatment on the label, is acceptable. A stamped copy of the label is enclosed for your records.

The Confidential Statement of Formula (CSF) on file for this product should be updated. Complete and submit the enclosed CSF [EPA Form 8570-4 (Rev. 2-85)] to update the file. All blocks and columns in this form must be completed. Under columns 14.a. and 14.b. on the CSF, you must provide upper and lower certified limits for each component. Additionally, certified upper and lower limits for each active ingredient in terms of pure active ingredient must be provided. The CSF must agree with the ingredients statement on the label. Refer to the enclosed guide for executing your CSF correctly.

Sincerely yours,

Arturo E. Castillo
Product Manager (17)

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS
& DOMESTIC ANIMALS**

CAUTION:

Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. In case of contact, immediately flush eyes or skin with plenty of water. Obtain medical attention if irritation persists.

Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is underway. After space spraying in meat packing plants, bakeries and other food processing plants, wash all equipment, benches, shelving, etc. where exposed food will be handled, with a detergent followed by a potable water rinse. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use.

Remove pets, birds and cover fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED - Get prompt medical attention. Do not induce vomiting. **IF INHALED** - Get fresh air. Get medical attention. **IF ON SKIN** - Flush with water. Wash with warm water and soap. **IF IN EYES** - Flush thoroughly with water for 15 minutes. Get prompt medical attention.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

NOTE: When used in hospitals patients should be removed prior to treatment. Ventilate for two hours after treatment. Do not return patients to room until after ventilation.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Store in a cool area away from heat or open flame. Do not incinerate empty container. Wrap container and put in trash collection.

SHAKE CAN WELL BEFORE SPRAYING. HOLD CONTAINER UPRIGHT.

TO KILL FLIES, MOSQUITOES, FLYING MOTHS AND GNATS: Close all doors and windows and direct spray upward into center of room with slow sweeping motion. Spray 5 to 10 seconds for average room (1,000 cu. ft.). Keep nozzle three feet from surfaces. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Before spraying, cover exposed food and utensils.

TO KILL ROACHES, WATERBUGS, CRICKETS AND ANTS: Spray baseboards, cracks, crevices, moist areas and openings around sinks and pipes and other hiding places, hitting insects directly. Spray ant hills and trails over door sills, around window frames and other locations. Repeat as necessary for control.

May stain finished surfaces and fabrics if sprayed too closely.
