

# ANT &

33176-23

# ROACH KILLER

RESIDUAL ACTION ON SPRAYED SURFACES  
CONTINUES TO KILL INSECTS FOR SEVERAL  
WEEKS AFTER APPLICATION

**KEEP OUT OF REACH OF CHILDREN.**  
**CAUTION:**  
**CONTENTS UNDER PRESSURE.**  
**See other precautions on side panel.**

**ACTIVE INGREDIENTS:**  
2-(1-Methylethoxy) phenyl methylcarbamate ..... 0.493%  
Petroleum Distillate ..... 82.131%  
**Inert Ingredients** ..... 17.376%

EPA Reg. No. 33176-23

EPA Est. No. 33176-CA-1

**NET WT. 14.5 OZ. (411 GM.)**

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS &  
DOMESTIC ANIMALS  
CAUTION**

Harmful if swallowed. Avoid prolonged breathing of spray mist or repeated contact with skin. Wash thoroughly after using. Do not contaminate feed, foodstuffs, utensils, dishes or drinking water. Do not apply to areas which will be contacted frequently by children and do not allow them in treated areas until surfaces are dry. Do not apply to humans, pets, birds or near fish bowls. Avoid excessive wetting of plastics, vinyl, or asphalt. Do not use as a space spray.

**NOTE TO PHYSICIAN:**

Atropine sulfate is anticholinergic.

**STATEMENT OF PRACTICAL TREATMENT**

**If Swallowed**—Do not induce vomiting because of possible aspiration hazard. Get immediate medical attention.

**If Inhaled**—Get fresh air.

**If On Skin**—Wash thoroughly with soap and warm water.

**If In Eyes**—Flush with plenty of water. Get medical attention if irritation persists.

**PHYSICAL OR CHEMICAL HAZARDS**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130° F may cause bursting.

**STORAGE AND  
DISPOSAL**

**Storage:** Store in a cool, dry area away from heat or flame.

**Disposal:** Do not reuse empty container. Wrap container and put in trash collection.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**DIRECTIONS:**  
Important—hold container only in upright position to spray. Remove protective cap. Direct spray from face. Hold container 6 to 12 inches from surfaces and spray area of infestation. Thorough applications produce a coating which will vaporize into cracks and crevices and into the room for insect control. If reinfestations occur, repeat applications as necessary. Use for spot treatment only.

Only for Sale to, Use, and Storage by Servicepersons.

**Roaches, Resistant Roaches, Waterbugs, Crickets and Cockroaches**

Thoroughly treat cracks and crevices, baseboards, underneath chairs, tables, kitchen shelves, cupboards, sinks, refrigerators, around garbage containers and all places where roaches habitate.

**Ants:** Treat ant trails around door sills and window frames and other places where ants may enter. Apply directly to ant trails.

**Cloves, Moles and Sawbugs:** Spray window and door sills and other points of entry. Apply to cuts of foundation around doors, windows, porches and along foundation or next to ground. For outdoor use on flies, mosquitoes, gnats. Apply on screens, door and window frames, light fixtures and other surfaces where insects congregate.

**Paper Nest Wasps:** Apply a wet spray to the nests after dark when all pests have returned to their nests.

**Scorpions, Black Widow Spiders and other spiders:** Spray directly on pests when possible. Treat surfaces of garages and outbuildings where pests hide or congregate. Spray points of entrance such as window sills and along crevices.

**Silverfish:** Apply to cracks, baseboards, behind shelving, bookcases and other storage areas. Apply underneath and around the edges of carpets.

**Brown Dog Ticks:** Thoroughly spray cracks, crevices and areas where pets are in the habit of lying down. Do not spray on pets. Allow the sprayed areas to dry thoroughly and replace bedding before permitting use by animals. In treating dog kennels, apply to outside dog runways, window sills and ledges. For control of roaches in dog kennels, treat all cracks and crevices. For control of flies, gnats and mosquitoes, spray outdoor surfaces of screens, door and window frames and other outdoor surfaces where these pests congregate.

**Flying Ants:** Spray directly on swarming ants outdoors. Only spray while ants are swarming on the ground. Do not spray in air.
