DIRECTIONS FOR USE

Add the recommended amount of product to diesel oil, No. 1 or No. 2 fuel oil, or kerosene and mix thoroughly. THIS PRODUCT IS NOT EMULSIFIABLE. DO NOT DILUTE WITH WATER. Apply when weeds are young and actively growing.

RANGELAND AND PASTURES: Use one-half (1/2) to one and one-third (1 1/3) pint in sufficient oil (one to two gallons) to give good coverage to one acre. Use only on established stands of perennial grass.

TURF: Use one-half (1/2) to one and one-third (1 1/3) pint in sufficient oil (one to two gallons) to give good coverage to one acre. Do not use on bent grass, San Augustine grass or similar grasses susceptible to 2,4-D. Newly seeded turf should not be treated until after second mowing, and the lower dosage rate should be used.

CAUTION

This product may cause skin irritation. Avoid inhaling spray mist. Harmful if swallowed. Avoid contact with the eyes, skin or clothing. Flush eyes with clear water and get prompt medical attention.

DO NOT apply this product to susceptible broad leaved plants that are desirable such as cotton, soybeans, tomatoes, grapes, clover or ornamentals. Excessive amounts of this product in the soil may temporarily inhibit seed germination and all plant growth.

Minute quantities may cause severe injury by drift or vaporization. Avoid drift of spray and use a coarse spray which is less likely to drift. Although this product contains an active ingredient of low volatility, use it with caution where the spreading of vapors can damage nearby susceptible plants.

DO NOT contaminate water in lakes, ponds, or irrigation ditches, drainage ditchbanks or water used for domestic purposes.

DO NOT contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

DO NOT graze dairy animals on treated areas within seven days after application.

DO NOT store this product near fertilizers, seeds, insecticides, or fungicides.

DO NOT contaminate food or foodstuffs.

DO NOT use spray equipment contaminated with the product for any other purpose unless the equipment has been cleaned very carefully with a suitable chemical cleaner.

DO NOT mix with liquid fertilizers.

If stored below freezing, it may be necessary to warm to 40°F and agitate before using. This does not affect the efficiency of the product.

DO NOT reuse empty container. Destroy by burying in a safe place away from water supplies. Do not burn.

NONWARRANTY

FORAGE UNLIMITED warrants that this herbicide conforms to the chemical description on its label. When used in accordance with the label directions under normal conditions, this herbicide is reasonably effective for its intended purpose. Since timing, method of application, weather, plant and soil conditions, mixture with other herbicides, and other factors affecting the use of this product are beyond our control, no warranty is given concerning the use of this product contrary to label directions or under conditions which are unusual or not reasonably foreseeable. The user assumes all liability for any such use.
