John F. Wright
Agent for Aceto US, L.L.C.
c/o Product & Regulatory Associates, L.L.C.
8595 Collier Blvd., Suite 107-51
Naples, FL 34114

Subject: PRIA Label and CSF Amendment – *Add Alt. CSF 1 for an additional manufacturing source; Revise CHEMTREC statements on label*
Product Name: Aceto Sulfosulfuron Technical
EPA Registration Number: 33427-13
Application Date: 7/7/2023
Case Number: 486680

Dear John Wright:

The amended label and Confidential Statement(s) of Formula (CSF) referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, are acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Please note that the record for this product currently contains the following CSF(s):

- Basic CSF dated 3/17/2020
- Alternate CSF 1 dated 7/7/2023

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the

Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Marc Sheahin at 202-566-2896 or at sheahin.marc@epa.gov.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This pesticide is for the further manufacture of formulated herbicides only. Formulators using this product are responsible for obtaining EPA registration for their formulated products.

Only for formulation into a herbicide for the following uses:

1. **Non-Crop Use Sites:** airports, conservation areas, Conservation Reserve Program (CRP), ditch banks, dry ditches, dry canals, fallow areas, fencerows, forestry conifer release, industrial sites, lumberyards, manufacturing sites, natural areas, petroleum tank farms and pumping installations, railroads, roadsides, storage areas, utility rights-of-way, utility sites and substations, warehouse areas, wildlife areas, turf including residential, commercial, apartment complexes, athletic fields cemeteries, golf courses fairways, golf course rough, golf course tees and other golf course areas, hotel properties, nurseries, office complexes, parks, school grounds, sod and turfgrass seed farms, landscape areas, ornamental nurseries.
2. **Pastures and Rangeland Use Sites:** pastures, hayfields, rangelands and perennial native grasses.
3. **Winter and Spring Wheat**
4. **Uses for which USEPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration; and**
5. **Uses for experimental purposes that are in compliance with USEPA requirements.**

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Keep out of reach of children and animals. Store in original containers only. Store in a cool, dry place and avoid excess heat. Carefully open containers. After partial use, replace lids and close tightly.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at any approved waste disposal facility.

CONTAINER HANDLING:

Liner: Nonrefillable container. Do not reuse or refill this container. Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into formulation equipment. Then offer for recycling if available or dispose in a sanitary landfill or by incineration if allowed by State and local authorities. If the outer drum is contaminated and cannot be reused, dispose of in a manner required for the liner.
