US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (75-767) WASHINGTON, DC 20460  <b>NOTICE OF PESTICIDE:</b> <input checked="" type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)	EPA REGISTRATION NO. 33458-15	DATE OF ISSUANCE OCT 28 1986
	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT  MOJA GUARD TABLETS	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

ALLIED UNIVERSAL CORPORATION  
 8350 93rd Street  
 Miami, FL 33166

**NOTE:** Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

THIS REGISTRATION IS MADE IN ACCORDANCE WITH SECTION 3(C)(7)(A) OF THE FIFCA SUBJECT TO THE FOLLOWING CONDITIONS:

(1) It is understood that you will submit for each alternate required for registration or re-registration of your product under Section 3(c)(7) of the FIFCA when the Agency requires all registrants of similar products to submit such data.

(2) You will submit two copies of your finished printed label complying with the requirements of regulations of effect in the attachment to this registration notice. Labels must be submitted to the Agency when the product is to be shipped as required by the label 227 of the FIFCA.

A stamped copy of the label is enclosed for your records. Your release of the product for shipment constitutes acceptance of these conditions. These conditions do not comply with the registration and are subject to cancellation in accordance with section 10(c) of the FIFCA.

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**  
 DANGER: Irritant to eyes, nose and throat. May be fatal if swallowed. Do not get into eyes, on skin, or on clothing. Avoid breathing dust. May cause dizziness or headache. Wash hands after use.  
**PRACTICAL TREATMENT/FIRST AID:** If swallowed: Drink plenty of water. Do not induce vomiting. If on skin: Wash with soap and water. If in eyes: Flush with water for at least 15 minutes. Get medical attention as soon as possible. Remove and wash contaminated clothing before reuse.  
**CHEMICAL HAZARDS:** Strong oxidizing agent. Do not use damp or moist surfaces. Contact with organic matter may cause generation of heat. Reaction of hazardous gases and oxidizing agents.

**ENVIRONMENTAL HAZARDS:** This product is toxic to aquatic life. It may cause death to fish and other aquatic organisms. Do not discharge into streams, ponds, or other bodies of water. Do not discharge into ground water. For guidance on proper disposal, contact the local office of the Environmental Protection Agency.

**SPECIAL PRECAUTIONS - PLEASE READ:**  
 1. This product has a beneficial effect on the soil. Keep away from face when open. Do not breathe dust.  
 2. Do not get on skin. If it does, wash with soap and water.  
 3. Do not get on clothing. If it does, wash with soap and water.  
 4. Do not get on eyes. If it does, flush with water for at least 15 minutes.  
 5. Do not get on food. If it does, wash with soap and water.  
 6. Do not get on children's toys. If it does, wash with soap and water.  
 7. Do not get on pets. If it does, wash with soap and water.  
 8. Do not get on plants. If it does, wash with soap and water.  
 9. Do not get on animals. If it does, wash with soap and water.  
 10. Do not get on birds. If it does, wash with soap and water.  
 11. Do not get on insects. If it does, wash with soap and water.  
 12. Do not get on fish. If it does, wash with soap and water.  
 13. Do not get on other aquatic life. If it does, wash with soap and water.  
 14. Do not get on ground water. If it does, wash with soap and water.  
 15. Do not get on streams, ponds, or other bodies of water. If it does, wash with soap and water.

ATTACHMENT TO EPA REGISTRATION NOTICE

EPA Registration No. 33458-15 Date Issued OCT 28 1982

Company Name Allied Universal Corporation

Product Name AQUA GUARD TABLETS

The following requirements or revisions apply to the label which was accepted with this registration notice:

1. The registration number which has been assigned to this product must appear on the label as EPA Reg. No. 33458-15. This registration is being issued with the understanding that the derivative of cyanuric acid which is contained in this product is under scrutiny for potential adverse effects to human. There may be some regulatory actions directed against all registered products containing this chemical as an active ingredient at some time in the future.
2. The labels which will be used for this product in channels of trade must reflect these revisions.
3. Two copies of the finished printed labels, as defined in the A-79 enclosure, must be submitted to the Agency before the product is released for shipment to comply with PR Notice 82-2 of June 18, 1982.
4. The finished printed labels must comply with the general labeling requirements of Section 162.10 of Title 40 of the Code of Federal Regulations. If the label does not satisfy these requirements it will be rejected.

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**  
**DANGER** Corrosive. Causes eye damage. May be fatal if swallowed. Do not get in eyes, on skin, or on clothing. Irritating to nose and throat. Avoid breathing dust. May cause burns to broken skin. Wear goggles and face shield or protective clothing when handling. Wash hands after handling.  
**PRACTICAL TREATMENT (FIRST AID):** If swallowed feed gruel, cooked cereal or bread soaked in milk, followed by olive oil or cooking oil. In case of personal contact, remove excess material and flush skin or eyes with cold water for at least 15 minutes. For eyes get medical attention as soon as possible. Remove and wash contaminated clothing before re-use.  
**CHEMICAL HAZARDS:** Strong oxidizing agent. Do not use dyes or most stains. Contamination with dirt, moisture, organic matter, other chemicals or any other foreign matter, may start a chemical reaction with generation of heat, liberation of hazardous gasses, and possible generation of fire.  
**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish. Keep out of lakes, streams, ponds, or public waters. Permits may be required for discharges containing this pesticide into public waters. For guidance contact the regional office of the Environmental Protection Agency.

**SPECIAL PRECAUTIONS (PLEASE READ)**  
 1. This product has a powerful chlorine odor. Hold away from face when opening to avoid breathing fumes.  
 2. Prolonged contact between this product in its undissolved state and vinyl linings or painted surfaces will result in bleaching of the vinyl or paint. Introduce this product through skimmer or in a prescribed feeder to avoid discoloration of liners or paint.  
 3. When adding this product to summer or feeder make sure there are no other chemicals present as a violent reaction may occur. It is always dangerous to mix chemicals.  
 4. Use this product as directed as per instructions on label. Do not take advice from others or experiment by yourself.  
 5. If this product is used to shock or superchlorinate a pool, after treatment it is important to brush the walls and floor to expose algae that may be in cracks or wrinkles that might protect algae from free chlorine residual. Such protected algae will begin to reproduce again when high chlorine residual fades.  
 6. This product because of its potent formulation can be dangerous if not used properly. Do not mix with any other chemicals. This could result

# AQUA GUARD

ACCEPTED  
 with COMMENTS  
 in EPA Letter Dated:

NET WEIGHT 10 LBS.

OCT 28 1986

Under the Federal Insecticide, Fungicide and Rodenticide Act is granted for the pesticide registered under EPA Reg. No. 33458-15

In a violent chemical reaction. Do not add chlorinated hydrocarbons. Do not add this product to a pool. When adding this product to summer water is circulating so that material is dissolved. Do not allow buildup of dry material in skimmer cause an explosion.

**DIRECTIONS FOR USE**  
 It is a violation of federal law to use this product inconsistent with its labeling.  
 1. Adjust pool water pH to 7.2-7.6. For pools with pH factor in 7.6-7.8.  
 2. If pool has not been previously sterilized with conditioner (cyanuric acid) add the correct dosage for use on the label for that product.  
 3. Fill the chlorinator with tablets. The rate of chlorine residual in pool above 1ppm at 24 hours depends upon the volume of water flowing through the chlorinator. Keep chlorine residuals between 1.0 and 1.5 ppm. The pH of Slow Dissolving Tablets will tend to reduce the pH and a quantity of sodium carbonate to determine pool capacity. Round or oval pools - Average diameter times average depth (in feet) times 5.9 = gallons. One cubic gallon.

**STORAGE AND DISPOSAL:** Keep product dry in its original container. Store in a cool, dry, well ventilated area if possible. In case of decomposition isolate and discard with care. Rinse empty container thoroughly with water before discarding. Place in disposal in approved landfill area, or bury in a safe place.
