SUPER Kiwa Kleener

DETERGENT DISINFECTANT

FOR USE IN HOSPITALS

WARNING: Keep Out of Reach of Children. See first aid and other precautions on side panel.

Active Ingredients:
n-Alkyl (60% C₁₄, 30% C₁₆, 5% C₁₂, 5% C₁₈)
dimethyl benzyl ammonium chlorides 3.000%
Tetrasodium ethylene diamine tetraacetate . . 0.143%
Inert Ingredients: 96.857%

Net Contents 55 Gallons

How Airwick Institutional Super Kiwa Kleener Works
Airwick Institutional Super Kiwa Kleener is a balanced formulation combining a nonionic synthetic detergent, a quaternary ammonium compound, organic chelating agents and synergizing builders...for effective cleaning, disinfecting and deodorization in one labor-saving operation.

As a Detergent: Super Kiwa Kleener's biodegradable detergent in combination with synergizing builders (a) loosens soil through superior wetting and penetrating action (b) suspends insoluble matter in solution and (c) emulsifies oil and grease. Low foaming Super Kiwa Kleener leaves surface soil-free and film-free.

As a Disinfectant: Super Kiwa Kleener has a Phenol Coefficient of 20 (*S. typhosa*) and 32 (*S. aureus*). Used as directed (2 ozs. per gal. or 1 to 64), Super Kiwa Kleener provides 480 ppm of a highly effective quaternary germicide further enhanced by organic chelating agents and synergizing builders which inactivate metallic ions. Super Kiwa Kleener rapidly destroys a broad range of gram-positive and gram-negative organisms on environmental surfaces.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes call a physician. Remove and wash contaminated clothing before re-use. If swallowed, drink promptly a large quantity of water. Avoid alcohol. Call physician immediately.

Do not re-use empty drum. Return to drum reconditioner or destroy by perforating or crushing and bury in a safe place.

Directions: Mix 2 oz. of Super Kiwa Kleener with 1 gallon of water (1:64)--hot or cold. Apply solution with mop, sponge, sprayer. Wet surfaces thoroughly. Remove solution and the entrapped dirt with wet mop, sponge, cloth or wet vacuum.

Uses: Super Kiwa Kleener is intended for use as a heavy duty cleaner where deodorization are also indicated. Use on washing hard surfaces, such as polished stainless steel, chrome and does not harm painted, varnished or lacquered surfaces as directed. Because Super Kiwa Kleener is spot-free, it is particularly suitable for rubber, cork, vinyl or asphalt.

Super Kiwa Kleener has superior rinsing qualities and is safe for use on marble and terrazzo. Product is safe for use on floors, walls, and other hard surfaces. If used on food contact surfaces, rinse with potable water after treatment.

WARNING: Causes eye or skin irritation if in eyes, on skin or on clothing. H. Avoid contamination of food. Avoid mist.

SUPER Kiwa Kleener

DETERGENT DISINFECTANT

FOR USE IN HOSPITALS

WARNING: Keep Out of Reach of
Children. See first aid and other precautions
on side panel.

Active Ingredients:

n-Alkyl (60% C₁₄, 30% C₁₆, 5% C₁₂, 5% C₁₈)
dimethyl benzyl ammonium chlorides 3.000%
Tetrasodium ethylene diamine tetraacetate . . 0.143%

Inert Ingredients: 96.857%

Net Contents 55 Gallons

Directions: Mix 2 oz. of Super Kiwa Kleener with one
gallon of water (1:64)—hot or cold. Super Kiwa
Kleener contains a detergent system equally effective
in hard or soft water.

Apply solution with mop, sponge, cloth, scrubber, or
sprayer. Wet surfaces thoroughly.
Remove solution and the entrapped soil with clean,
wet mop, sponge, cloth or wet vacuum pick-up.

Uses: Super Kiwa Kleener is intended primarily as
a heavy duty cleaner where disinfection and true
deodorization are also indicated. It is unexcelled for
washing hard surfaces, such as porcelain, tile, glass,
stainless steel, chrome and does not damage washable
painted, varnished or lacquered surfaces, when used
as directed. Because Super Kiwa Kleener rinses
spot-free, it is particularly suitable for wood, linoleum,
rubber, cork, vinyl or asphalt tile floors. It has
superior rinsing qualities and is an excellent cleaner
for marble and terrazzo. Product is intended for use
on floors, walls, and other hard environmental sur-
faces. If used on food contact surfaces rinse with
potable water after treatment.

WARNING: Causes eye or skin irritation. Do not get
in eyes, on skin or on clothing. Harmful if swallowed.
Avoid contamination of food. Avoid breathing spray
mist.
