WEED-FREE® BT

A NON-SELECTIVE WEED AND BRUSH KILLER FOR DRY APPLICATION

WEED-FREE BT is a pelleted, non-selective weed-killer designed to be applied dry to the surface of the ground for control of weeds. The kill of weeds may be slow as the chemical is absorbed through roots of weeds and must be carried to root zone by moisture. The degree of control and duration of effect will vary with the amount of chemical applied, soil type, rainfall, and other conditions.

DIRECTIONS

Before applying, measure area to be treated and select rate per acre desired to get amount needed for treatment. Calibrate over a small area and get even coverage with the rate acre selected. A seeder or granular herbicide applicator may be used. 2-1 3 cups per 100 sq. ft. is approximately 400 lbs. broadcast per acre rate.

To control most weeds for an extended period of time on non-crop land such as utility, highway, pipeline and railroad right of way, petroleum tank farms, lumberyards, storage areas, industrial plant sites, and around farm buildings, apply 60 to 120 lbs. per acre to control ANNUAL WEEDS and GRASSES such as foxtail, crabgrass, ragweed, and lamb's quarters.

Apply 200-300 lbs. per acre to control PERENNIAL WEEDS and GRASSES such as Bahia grass, dogfennel, goldenrod, plantain and wild carrot.

Apply 300-450 lbs. per acre to control HARD-TO-KILL PERENNIAL GRASSES such as JOHNSONGRASS, BERMUDA GRASS, DALLISGRASS, NUTGRASS, and VASEYGRASS.

Use the higher levels of the dosage rates on absorptive soils (usually those high in organic matter or carbon) and in areas receiving over 20 inches of annual rainfall. Make application just before or during the period of active growth of weeds.

INGREDIENT STATEMENT

ACTIVE INGREDIENT:

Bromacil (5-bromo-3-sec-butyl-6-methyluracil).....	4.13%
Dimethylamine salt of 2,3,6-trichlorobenzoic acid.....	2.25%
Dimethylamine salts of other chlorinated benzoic acids.....	1.50%
Total trichlorobenzoic acid equivalent, 3.15%	

INERT INGREDIENTS.....	92.00%
Total.....	100.00%

WARNING

KEEP OUT OF THE REACH OF CHILDREN!

Harmful if swallowed. Avoid contact with skin and clothing. May cause irritation of eyes, nose, throat, and skin. Avoid breathing dust. In case of contact flush with plenty of water, get medical attention.

Wash clothing and equipment after application. Do not store with foodstuffs. Store in cool, dry place. Do not leave container where children or animals may take internally.

NOTICE

For best results, vegetation should be cleared before treatment. This reduces fire hazard of dead weeds and aids in getting more even coverage of the area.

Avoid use on or near turf, valuable trees and shrubs. Avoid contact with desirable plants. Do not apply to areas irrigated by roots of valuable plants and shrubs. Do not use tank water used for irrigation or drinking purposes.

Do not use on lawns, walks, driveways, tennis courts, or similar areas.

Destroy bag after use - if by fire, stay out of smoke.

BRUSH CONTROL

WEED-FREE BT is outstanding for control of woody plants. It also controls woody vines to prevent their encroachment after the brush is killed. At 1 lb. per 100 sq. ft. or 2 tablespoons per inch of diameter, virtually all species of woody plants except Mesquite less than 4 inches in diameter are controlled. Persimmon, cassia, cherry, False willow, Baccharis, mulberry, and Chinese Tallow will require 1/2 lb. per 100 sq. ft. or 2 tablespoons per inch of diameter. At this use rate almost complete eradication of all size woody plants and perennial vines is obtained.

MAINTENANCE - To maintain above areas previously treated with other herbicides where vine encroachment is a problem, use at the rate of 1/2 lb. per 100 sq. ft. 200 lbs. per acre.

NON-WARRANTY

Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied concerning this product, except that it is of the manufacturer's standard quality. Neither shall be held responsible in any manner for any personal injury, property damage, or other type of loss resulting from the improper handling, storage and use of this product. The buyer accepts and uses this product on these conditions.
