

**STAA-FREE 2+2**

Granular Weed Killer

<i>Active Ingredient</i>	<i>By Weight</i>
Bromacil (5-bromo-sec-butyl-6-methyluracil) .....	2%
Diuron 3-(3,4-dichlorophenyl)-1,1-dimethylurea] .....	2%
<b>Inert Ingredients</b> .....	<b>96%</b>
<b>TOTAL</b> .....	<b>100%</b>

50 pounds net weight

EPA Reg. No. 33560-44 EPA Est. No. 33560-TN-1

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

**STATEMENT OF PRACTICAL TREATMENT**

**IF SWALLOWED:** Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger, or if available by administering syrup of ipecac. If person is unconscious, do not give anything by mouth and do not induce vomiting.

**IF INHALED:** Remove victim to fresh air and apply respiration, if needed.

**IF ON SKIN:** Wash with plenty of soap and water. Get medical attention if irritation persists.

**IF IN EYES:** Flush eyes with plenty of water. Call a physician if irritation persists.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS  
AND DOMESTIC ANIMALS**

Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing; Not to be used in any recreational areas or in or around homes.

**USER SAFETY RECOMMENDATIONS**

**USERS SHOULD** remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

Wash hands before eating, or drinking, or chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash clothing before reuse.

**PERSONAL PROTECTIVE EQUIPMENT**

*Applicators and other handlers must wear*

- Long sleeved shirt and long pants.
- Shoes plus socks.
- Protective eyewear.
- Chemical resistant gloves.

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. Do not store near food or feed products. Store out of the weather.

**ENVIRONMENTAL HAZARDS**

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water used by wildlife and aquatic life or for domestic and irrigation purposes. Do not contaminate water when cleaning equipment or disposing of equipment washwaters or rinsate.

**GENERAL INFORMATION**

STAA-FREE 2+2 is a non-selective herbicide that can be applied before or after plant growth begins. Since STAA-FREE 2+2 enters plants through their roots, its effectiveness is dependent on rainfall to move the chemical into the root zone. Very dry soil conditions and lack of rainfall may result in poor weed control.

**APPLICATION INFORMATION**

Use only in areas where complete control of all vegetation is desired, such as industrial sites, rights-of-way, lumberyards, petroleum tank farms, around farm buildings, along fence lines and similar areas. When applied to the soil, this product usually inhibits all plant growth for a year or more. It should not be used on land to be cropped, or near adjacent desirable trees, shrubs, or in greenhouses as injury may occur.

STAA-FREE 2+2 Granular should be applied as furnished with a seed spreader, a fertilizer spreader, a shaker-type applicator or with any equipment which will distribute the chemical uniformly over the area to be treated.

Do not apply this product in a way that will contact workers or other persons either directly or through drift. Only protected handlers may be in the area during application.

2/2

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Pro-Serve, Inc.'s STAA-FREE 2+2 should be used only in accordance with recommendations on this label.

Pro-Serve, Inc. will not be responsible for losses or damages resulting from the use of this product in any manner not specifically recommended by Pro-Serve, Inc. User assumes all risk associated with such non-recommended use.

### ENTRY RESTRICTIONS

Do not enter or allow others to enter the treated areas until dusts have settled.

### APPLICATION TIMING

Applications made early in the season have been found to give results superior to applications at a later seasonal date. Maximum effectiveness in arid regions is obtained when application is made just prior to the rainy season.

### USE RATES

To control annual and most perennial broadleaf weeds and grasses: Apply 200 – 400 lbs. per acre. Where deep-rooted perennials are present, use the 400-lb. rate.

The higher rates listed above should be used in areas having a long growing season or high rainfall. The higher rates will also provide longer residual control.

Repeat spot treatment may be required when deep-rooted perennial weeds are present.

For smaller plots, apply 0.5 lbs. to 1 lb. per 100 sq. ft.

### USE PRECAUTIONS

1. Do not apply on or near valuable woody or herbaceous plants or on areas where their roots may extend.
2. Do not use on croplands or any land to be used for subsequent cropping.
3. Do not allow animals onto treated areas.
4. Do not use equipment to apply insecticides, fungicides or fertilizers.

### STORAGE AND DISPOSAL

**STORAGE:** Do not contaminate water, food or feed by storage, disposal or cleaning of equipment. Open dumping is prohibited. Avoid contamination of feed and foodstuff. Store in a dry place.

**PESTICIDE DISPOSAL:** Pesticides or rinse water that cannot be used according to label instructions must be disposed of according to applicable Federal, state or local procedures.

**CONTAINER DISPOSAL:** Completely empty bag by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then, dispose of bags in a sanitary landfill or by incineration, if allowed by state and local authorities.

### NOTICE OF WARRANTY

Pro-Serve, Inc warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with direction under normal use conditions. It is impossible to eliminate risk inherently associated with use of this product.

Ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials or the manner of use or application, all of which are beyond the control of Pro-Serve, Inc. In no case shall Pro-Serve, Inc. be liable for consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by buyer. PRO-SERVE, INC. MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.
