

NOTICE OF PESTICIDE: REGISTRATION
 REREГИSTRATION

NAME OF PESTICIDE PRODUCT

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

Olin 3001

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Olin Water Services
120 Long Ridge Road
Stamford, CT 06904

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

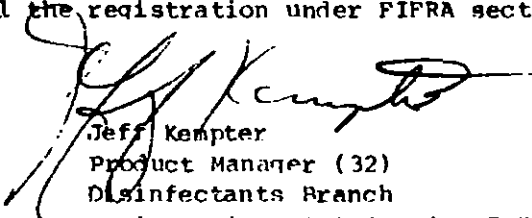

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the General Registration Standard - "Guidance for the Registration and Reregistration of Pesticide Products Containing Sodium or Calcium Hypochlorite as the Sole Active Ingredient"--issued February 1986 and revised April 1986, EPA has reregistered the product listed above in accordance with FIFRA section 3(q).

Your amended label has been stamped approved and a copy is enclosed. You must incorporate any comments noted on your label. This label must be on products released for shipment within 1 year or by the next label printing, whichever occurs first. This label must also appear on all supplemental registrations within 1 year of this Notice of Reregistration or at the next label printing, whichever occurs first.

Your product meets the criteria for reregistration under this Standard. Failure to comply with this Standard may result in the Agency's issuance of a Notice of Intent to Cancel the registration under FIFRA section 6(b)(1).

OLIN 3031

Chemical formulation for industrial cooling water treatment

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMAN AND DOMESTIC ANIMALS**

WARNING: HARMFUL IF SWALLOWED. SKIN AND EYE CONTACT MAY CAUSE SEVERE IRRITATION.

Do not allow contact with eyes, skin, mucous membranes or clothing. Wear goggles or face shield, rubber or plastic gloves, and rubber or plastic apron. Avoid breathing mist or vapors. Do not mix with acids or other chemicals. Flush spilled product with water. Do not reuse empty containers. Keep in a cool, dry place in original container.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds or public water unless in accordance with an NPDES permit. For guidance, contact your Regional Office of the EPA. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this pesticide only as specified on this label.

CHEMICAL HAZARD: Warning: Dry OLIN 3031 is a strong oxidizing agent. Mix only into water. Contamination may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible fire and explosion. Do not contaminate with garbage, dirt, organic matter, household products, chemicals, soap products, paint products, solvents, acids, vinegar, beverages, oils, pine oil, dirty rags or any other foreign matter.

EMERGENCY HANDLING: In case of contamination or decomposition, do not reuse container. If possible, isolate container in open and well-ventilated area. Flood with large volumes of water. If fire occurs, extinguish fire by applying large volumes of water. Any unopened drums near the fire should be cooled by spraying with water.

ACTIVE INGREDIENTS: Sodium Hypochlorite... 9.7%
INERT INGREDIENTS: 90.3%
AVAILABLE CHLORINE: 9.0%

NOTE: DEGRADES WITH AGE. USE A TEST KIT AND INCREASE DOSAGE AS NECESSARY TO OBTAIN REQUIRED LEVEL OF AVAILABLE CHLORINE.

Keep Out of Reach of Children

WARNING DANGER

FIRST AID-STATEMENT OF PRACTICAL STATEMENT

IF IN EYES: Flush with plenty of water for at least 15 minutes. Call a physician.

IF ON SKIN: Flush skin with cold water for at least 15 minutes. Call a physician (1-800-485-2048).

IF SWALLOWED: Wash out mouth, then drink large amounts of water. Do NOT induce vomiting. Call a physician immediately.

IF INHALED: Remove victim to fresh air, call a physician.

DIRECTIONS
It is a violation of Federal law to use this pesticide in a manner inconsistent with the directions on the label.

**DIRECTIONS
FOR USE**

Begin treatment when becoming affected or efficiency is already poor. Must be cleaned before...

To control fungal slime: 1/2 qt. to 6 1/2 gals. 60 to 400 ppm available chlorine. Apply as frequently as necessary. Control may also be achieved with 100 ppm available chlorine with repeat dosage until the value for 4 hours. Frequently as necessary.

STORAGE

STORAGE: Do not store in a sanitary landfill. Keep upright. Store in a cool, dry location away from excessive heat. Do not...

DISPOSAL: Triple rinse container or secondary containment (if used) before recycling or reconditioning. Pesticide wastes are acutely toxic. If they cannot be recycled, arrange for disposal by state and local authorities. Do not burn or bury. Pesticide wastes are acutely toxic. If they cannot be recycled, arrange for disposal by state and local authorities. Do not burn or bury. Pesticide wastes are acutely toxic. If they cannot be recycled, arrange for disposal by state and local authorities. Do not burn or bury.
