## Algicide for use in industrial recirculating cooling water systems

OLIN 3202 is recommended for evaporative condensers, closed systems, recirculating water cooling towers.

OLIN 3202 can be prescribed to meet virtually any cooling system problem that involves algae.

Each formulation of OLIN ALGICIDE contains different primary ingredients for controlling Algae growth. Thus two different formulations should be alternated at regular intervals.

**RECOMMENDATIONS FOR USE:** Begin treatment when the system is in jeopardy of becoming affected or after cleaning systems whose efficiency is already impaired.

Badly fouled systems must be cleaned before treatment is begun.

Apply at a point in the system where the product will be uniformly mixed.

At certain times of the year, two dosages a week or even several dosages a day may be required.

**INITIAL DOSE:** Apply 12.8 fluid ounces (0.82 lbs., or 100 ppm) of OLIN 3202 per 1,000 gallons of water in the system. Repeat until control is achieved.

**SUBSEQUENT DOSE:** When microbial control is evident, add 6.4 to 12.8 fluid ounces (0.41 to 0.82 lbs., or 50 to 100 ppm) of the product per 1,000 gallons of water in the system once per week, or as needed to maintain control.

**ACTIVE INGREDIENTS:**

Bis (tributyltin) oxide .....	2.33%
n-Alkyl (60% C <sub>12</sub> , 30% C <sub>14</sub> , 5% C <sub>16</sub> , 5% C <sub>18</sub> )	
Dimethyl Benzyl Ammonium Chlorides .....	6.25%
n-Alkyl (60% C <sub>12</sub> , 30% C <sub>14</sub> , 17% C <sub>16</sub> , 3% C <sub>18</sub> )	
Dimethyl Ethylbenzyl Ammonium Chlorides .....	6.25%
<b>INERT INGREDIENTS .....</b>	<b>55.12%</b>
	<b>100.0 %</b>

EPA REG. NO. 33576-25-AA-50507

### DANGER

Keep Out of Reach of Children

Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water. Apply this product only as specified on this label. Do not reuse container. Destroy when empty.
