Algicide for use in industrial recirculating cooling water systems

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: CORROSIVE. CAUSES SEVERE EYE DAMAGE AND SKIN IRRITATION. HARMFUL OR FATAL IF SWALLOWED. AVOID CONTAMINATION OF FOOD.

Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Avoid breathing mist. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds or public water unless in accordance with an NPDES permit. For guidance, contact your Regional Office of the EPA. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this pesticide only as specified on this label.

ACTIVE INGREDIENTS	
Bis (tributyltin) oxide	2.33%
n-Alkyl 60% C ₁₂ , 30% C ₁₄ , 5% C ₁₁ , 5% C ₁₆	
Dimethyl Benzyl Ammonium Chlorides	6.25%
n-Alkyl 50% C ₁₂ , 30% C ₁₄ , 17% C ₁₁ , 3% C ₁₆	
Dimethyl Ethylbenzyl Ammonium Chlorides	6.25%
INERT INGREDIENTS	85.12%
	100.0%

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME

1084-47204

KEEP OUT OF REACH OF CHILDREN DANGER

"See precautionary statement on side panel"

If in EYES: Immediately flush with plenty of water for at least 15 minutes. Call a physician.

If on Skin: Immediately flush with plenty of water for at least 15 minutes. Call a physician for SKIN irritation. Remove and wash contaminated clothing before reuse.

If Swallowed: Drink promptly a large quantity of water. Induce vomiting by sticking finger down throat. Call a physician immediately.

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food, or feed by storage or disposal. Keep container closed when not in use. Don't drop, roll or skid drum. Store in a dry location protected from freezing or excessive heat. Do not reuse empty container.

DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinse is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

DIRECTIONS FOR CONTROLLING THE GROWTH OF ALGAE IN RECIRCULATING COOLING WATER SYSTEMS

OLIN 3202 is recommended for evaporative condensers, closed systems, recirculating water cooling towers.

OLIN 3202 can be prescribed to meet virtually any cooling system problem that involves algae.

Each formulation of OLIN ALGICIDE contains different primary ingredients for controlling Algae growth. Thus two different formulations should be alternated at regular intervals.

Begin treatment when the system is in jeopardy of becoming affected or after clearing systems whose efficiency is already impaired.

Badly fouled systems must be cleaned before treatment is begun.

Apply at a point in the system where the product will be uniformly mixed. At certain times of the year, two dosages a week or even several dosages a day may be required.

INITIAL DOSE: Apply 12.8 fluid ounces (0.82 lbs., or 100 ppm) of OLIN 3202 per 1,000 gallons of water in the system. Repeat until control is achieved.

SUBSEQUENT DOSE: When microbial control is evident, add 6.4 to 12.8 fluid ounces (0.41 to 0.82 lbs., or 50 to 100 ppm) of the product per 1,000 gallons of water in the system once per week, or as needed to maintain control.
