EPA Est. No.
33576-CA-1
33576-KS-1
33576-NY-1

For control of bacterial and fungal slime growths in paper mills

DIRECTIONS FOR USE

For the control of bacterial, fungal, and yeast growths in pulp, paper, and paperboard mills, add OLIN 7080 at the rate of 0.15-0.50 lb./ton of pulp or paper (dry basis). Addition may be continuous or intermittent, depending upon the type of system and the severity of contamination. It should be made with a metering pump at a location that will insure uniform distribution of OLIN 7080 in the mass of fiber and water, such as the beaters, jordan inlet or discharge, broke chests, furnish chests, save-alls and white-water tanks.

NOTE: ADD OLIN 7080 SEPARATELY TO THE SYSTEM. DO NOT MIX IT WITH OTHER ADDITIVES IN ORDER TO AVOID DECOMPOSITION OF OLIN 7080 DUE TO THE HIGH pH OF MANY ADDITIVE FORMULATIONS.

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

EPA Reg. No. 33576-30-AA-50607

DANGER Keep Out of Reach of Children

CAUSES SEVERE BURNS OF EYES. MAY BURN THE SKIN. MAY BE HARMFUL OR FATAL IF SWALLOWED. Do Not Get in Eyes, on Skin, or on Clothing. Wear Chemical Workers' Goggles when Handling

WASH THOROUGHLY AFTER HANDLING

FIRST AID: In case of eye contact, flush eyes immediately with plenty of water for at least 15 minutes and get medical attention. In case of skin contact, wash with soap and plenty of water. Wash contaminated clothing before reuse.

If swallowed, induce vomiting by sticking finger down the throat or by giving soapy or strong salty water to drink. Repeat until vomit is clear. Call a physician. Never give anything by mouth to an unconscious person.

Do not reuse empty container. Destroy it by burying with waste or by burning. Stay out of smoke and fumes.

ACTIVE INGREDIENT:
2,2-Dibromo-3-nitrilopropionamide20%
