

OLIN 7060

for bacterial and fungal slime control in paper mills

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

CAUSES EYE AND SKIN IRRITATION. DO NOT GET IN EYES, ON SKIN, OR ON CLOTHING. WEAR GOGGLES OR FACE SHIELD, RUBBER GLOVES AND PROTECTIVE CLOTHING (LONG SLEEVED SHIRT, LONG PANTS, AND BOOTS) WHEN HANDLING. HARMFUL IF SWALLOWED. AVOID CONTAMINATION OF FOOD AND FEEDSTUFF.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not allow it to enter water or wetlands. Discharge from treated areas may be harmful to fish and other aquatic life. Do not contaminate water by cleaning of equipment or disposal of waste.

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food or feed by storage or disposal. Containers should be kept in plastic, do not reuse empty container.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then of...
...or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. Plastic containers may be alternatively disposed of by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

ACTIVE INGREDIENTS

Sodium Dimethylthiocarbamate 15%

Nabam (Disodium Ethylene Bisdithiocarbamate) 15%

INERT INGREDIENTS 70%

Keep Out of Reach of Children

WARNING

FIRST AID-STATEMENT OF PRACTICAL TREATMENT

If in EYES or on SKIN immediately flush with plenty of water for at least 15 minutes. For EYES, call a physician. Remove and wash contaminated clothing before reuse.

If SWALLOWED, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available drink large quantities of water. Call a physician immediately.

It is a violation of Federal Law to use this product without its labeling.

Badly fouled systems must be cleaned before use.

OLIN 7060 is highly effective against bacterial and fungal slime in pulp and paper mills.

OLIN 7060 may be applied to any system where agitation is obtained (such as a pump) to achieve the best results.

DOSAGES: Dosage will vary with the amount of OLIN 7060 per ounce of stock, complexity of the degree of contamination.

OLIN 7060 can be used to paper and paperboard for use. Title 21 Code of Federal Regulations and may be used.

drink large quantities of water. Call a physician immediately.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent
with its labeling.

Badly fouled systems must be cleaned before treatment is begun.

OLIN 7060 is highly effective for controlling the growth of bacteria and
fungi in pulp and paper mills.

PAPER MILLS

OLIN 7060 may be added as a slug, intermittent, or constant flow treat-
ment. Add where agitation is sufficient and where distribution in the
system is obtained (such as at the beater, hydra pulper, break chest, or fan
pump) to accomplish the desired effect.

DOSAGES: Dosage will vary from 0.1 to 2.0 pounds (0.3 to 2.5
ounces) of OLIN 7060 per ton of finished paper depending on the type
of stock, complexity of the system, quality of raw water and type and
degree of contamination.

OLIN 7060 can be used to control slime on machines which can make
paper and paperboard for use in food packaging. OLIN 7060 complies with
Title 21 Code of Federal Regulations section 176.350 of the Food, Drug and
Cosmetics Regulations and may be used under conditions specified in the regulations.
