DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Badly fouled systems must be cleaned before treatment is begun.

OLIN 3302 is highly effective for controlling the growth of bacteria and fungi in industrial recirculating water cooling towers, evaporative condensers, air washers, and cane sugar mills.

INDUSTRIAL CIRCULATING COOLING WATER SYSTEMS

Begin treatment when the system is in jeopardy of becoming affected or after cleaning systems whose efficiency is already impaired. Badly fouled systems must be cleaned before treatment is begun. For best results slug feed at a point in the system where the product will be well mixed.

INITIAL DOSE: Apply 13.06 fl. oz. OLIN 3302 per 1,000 gal. water in system (120 ppm). Repeat weekly or more frequently, if needed to control growth of slime-forming organisms.

SUBSEQUENT DOSE: When control is evident, add 2.18 to 4.36 fl. oz. OLIN 3302 per 1,000 gal. water in system (20-40 ppm) every three days or as needed.

CANE SUGAR MILLS

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted at the next printing.

1. Add "Do not apply directly to water or wetlands" to the environmental hazards statements.
2. Segregate and revise the Disposal heading and statements to read:

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. Plastic containers may be alternatively disposed of by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

A stamped copy of each label is enclosed for your records.

Sincerely yours,
