DIRECTIONS FOR USE

Apply in early Spring before weed seeds germinate. Spread evenly at the rate of 3 1/2 lbs. per 1000 sq. ft. Before making application lawn should be thoroughly raked. Delay Spring seeding 60 days after application or delay application on new seedings until greening of newly sprouted lawn grasses.

In Ornamentals apply 3 1/2 lbs. per 1000 sq. ft. However, do not use on the following plants: Bugleweed, Button Pink, Carnation, Geum, Germander, Mesembryanthemum, Pansy, Phlox, Sweet William, Telanthera.

Water in lightly if no rain falls within a week after application. Do not rake the lawn or disturb soil surface after application.
SPREADER SETTING: CYCLONE 4.
