401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg.
Number:
33657-30

Date of Issuance:
NOV - 2 2004

Term of Issuance: Conditional

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Name of Pesticide Product:

Dinotefuran 0.2% Roach
Bait Stations

Name and Address of Registrant (include ZIP Code):

Mitsui Chemicals, Inc.
3-2-5 Kasumigaseki
Chiyoda-ku, Tokyo 100-6070, Japan

Authorized U. S. Agent:
Landis International
P.O. Box 5126
Valdosta, GA 31603-5126

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data, and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes before you release the product for shipment:

a. Add the phrase "EPA Registration Number 33657-30".

(continued on page 2)

Signature of Approving Official:

Rita Kumar

Date:

NOV - 2 2004

Notice of Registration (Continued); EPA Registration Number 33657-30

3. Add a subheading "Use Restrictions" to the last paragraph under Directions for Use. Add the following statement to the end of this paragraph: "Keep out of sunlight or excess heat." Alternatively, provide information to demonstrate that excess heat or sunlight will not reduce efficacy of this product.
4. No field studies were submitted using the bait stations. Within 12 months from the date of this letter, submit field studies for efficacy of this product. The field studies must reflect the recommended application rate, label claims, and use sites.
5. Within 15 months from the date of this letter, submit one year storage stability (830.6317) and corrosion characteristics (830.6320) studies. These studies can be run concurrently.
6. This registration is subject to the time frames for submission of generic data for the active ingredient, as indicated in the Notice of Registration for Dinotefuran Technical, EPA Registration Number 33657-10.
7. Submit production information for this product for the fiscal year in which this use is conditionally registered, in accordance with FIFRA section 29. The fiscal year begins October 1, and ends September 30. The production information will be submitted to the Agency no later than November 15, following the end of the preceding fiscal year. This information should be submitted to:

Registration Support Branch
Registration Division (7505C)
Office of Pesticide Programs
U.S. Environmental Protection Agency
1200 Pennsylvania Avenue NW
Washington D.C. 20460-0001
8. Submit two (2) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(a). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. A copy of the latest efficacy review was sent to you with the registration of Dinotefuran 0.5% Roach Bait Stations (EPA Reg. No. 33657-32).

Sincerely,

Rita Kumar

PHYSICAL OR CHEMICAL HAZARDS
Do not store or use near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL, USE STRICTLY IN ACCORDANCE WITH PRECAUTIONARY STATEMENTS AND DIRECTIONS, AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS.

GENERAL INFORMATION

HOW DINOTEFURAN 0.2% ROACH BAIT STATIONS WORK

- Dinotefuran roach bait stations contain a powerful food based attractant.
- The attractant draws roaches to the bait station.
- Roaches eat the bait, then crawl away to die.

DIRECTIONS

1. Open bag and separate bait stations apart from plastic frame. Do not remove the label from the station.
2. Place bait stations where you have seen roaches or roach droppings. Use the sticky tabs provided to fix stations to vertical surfaces. To apply to vertical surfaces, peel the protective strip to expose the adhesive. Use at least 10 bait stations in the kitchen and 2 in each bathroom placing them near walls, in cabinets, under sinks and refrigerators and in closets. Heavy infestations may require additional bait stations, especially in kitchen and bathroom areas.
3. Replace all bait stations if infestation is heavy or if roaches appear.
4. When inspecting, replace bait stations if found not to have bait inside.

PLACEMENT OF BAIT STATIONS

For normal infestations, use a minimum of 12 bait stations in the following locations:

Kitchen:

- | | | | |
|-------------|--------------------|------------|-------------------|
| Under stove | Under refrigerator | Under sink | Under counters |
| On floor | In cupboards | In drawers | Near garbage cans |

Bathroom:

Next to shower/bath In cabinets By toilet Under basin/sink

Baits can also be placed in the laundry room, garage, basement, bedrooms, attic, etc., especially if food is present in these areas.

Do not apply bait to surfaces which may reach excessive temperatures. Examples include, but are not limited to, portions of stoves, ovens, grills, fume hoods, steam tables, toasters, fryers, dishwashers and hot water pipes.

<p>STORAGE AND DISPOSAL</p> <p>Do not contaminate water, food or feed by storage and disposal.</p> <p>STORAGE: Store in a cool dry place away from heat or open flame and inaccessible to children.</p> <p>DISPOSAL:</p> <p>If empty: Do not reuse this container. Place in trash or offer for recycling if available.</p> <p>If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.</p>
