**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A), provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. **Make the following labeling changes:**
  - a) Revise the EPA Registration Number to read "EPA Reg. No. 33657-34".
  - b) In the Precautionary Statements, replace "Wash hands thoroughly with soap and water after handling" with "Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco".
  - c) Under the heading Outdoors, add "Remove all exposed food and cooking utensils. Cover all food handling surfaces and wash thoroughly after treatment and before use. Do not use on edible crops"
  - d) Add "Do not make more than 6 applications per site per year" after every "Repeat treatment every 14 days".

- e) Following the second sentence under Pests on Outside Surfaces of Building add: "Hold can 2 to 3 feet from surface to be treated and pray to slightly moisten surface".
- f) Replace the second sentence under Crawling Insects with the following:  
"Hold can 2 to 3 feet from surface to be treated and spray infested surface of patio or picnic area hitting as many insects as possible. Spray to slightly moisten surface".
- g) Delete "Flammable" under Physical or Chemical Hazards. The flame extension for this product is 0 inches.

Note, that this product will remain conditionally registered until review of efficacy studies and the generic data for etofenprox are completed. These data were imposed on similar products containing the active ingredient etofenprox and registered to Mitsui Chemicals Inc. Once the required data have been evaluated, EPA will entertain an application to amend the registration of the subject product to allow unconditional use around outdoor residential sites.

3. Please submit two (2) copies of your final printed label for before your release the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

If you have any questions regarding this action, please contact BeWanda Alexander of my team at (703) 305-7460.
