Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Submit a new study, guideline reference 122-2 Aquatic Plant Growth, to the Agency within six (6) months from the date of this registration notice.
3. Provide data addressing endangered species concerns upon the Agency's request.
4. Under the heading, Limitations of Liability and Damages, it is unacceptable to recommend a particular use and not stand behind the product in any way, either remove the second paragraph in its entirety or revise to an acceptable liability statement (see attachment).
5. Under the heading, Directions for Use, the phrase "for use on **noncrop or nonplanted** areas...." is too broad, specific use cites must be stated. For example, fence lines, fire hydrants, parking lots, railroad lines, or other non-crop areas for residential and commercial use.

PHYSICAL OR CHEMICAL HAZARDS

This product should be formulated and stored using only stainless steel, aluminum, fiberglass, plastic or plastic-lined steel containers. **DO NOT store this product in galvanized steel or unlined steel (except stainless steel) containers or spray tanks.** This product reacts with such containers and tanks to produce hydrogen gas which may form a highly combustible gas mixture. This gas mixture could flash or explode, causing serious personal injury, if ignited by open flame, spark, lighted cigarette, welder's torch or other ignition source.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Formulators using this product are responsible for obtaining EPA registration of their formulated products. This pesticide may be used only for the formulation of herbicides for use on noncrop or nonplanted areas for residential and commercial use.

STORAGE AND DISPOSAL

Prohibitions: Do not contaminate water, food or feed by storage or disposal. Do not store under conditions which might adversely affect the container or its ability to function properly. Such conditions include, but are not limited to, positioning of the container in storage, storage temperature, potential for crushing or damage due to stacking, and penetration of moisture.

Storage: Store in a safe manner. Store in original container only. Store in a cool, dry place. Reduce stacking height where local conditions, such as humidity or pallet overhang can affect package strength.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
