

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

CAUTION

Keep this and all contents of container away from children. Avoid breathing vapors. Avoid contact with skin. In case of contact, immediately flush skin with plenty of water. Do not use in confined areas (bathrooms or bedrooms) or areas where food preparation, eating, or drinking occurs. The floor, walls, and ceiling surfaces and contents should be covered during treatment. Do not spray washed fabric (use lower covered heat treatment for beds) and cover the apparatus before spraying.

PHYSICAL HAZARDS

Contents under pressure. Do not use if state (red) band of gas (white) band present or if intermediate container exposure to temperatures above 140°F (60°C) has occurred.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not reuse empty container. Wrap container and put in trash container.

Shake well before spraying. Remove protective cap. Aim spray opening away from face. **INDOORS** Treat mosquitoes, gnats, and flies. Close curtains and windows. Hold nozzle upward. Direct spray first to air parts of the room, especially windows and other light sources which attract these insects. In the room with most flies, treat the treated area. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is completed.

OUTDOORS Treat mosquitoes, gnats (mosquitos), houseflies, flies, and flying moths (moths) by spraying their resting areas. From protective and barrier. Hold container 18 to 24 inches from shrubs, bushes and grassy areas. Spray these areas with a slow sweeping motion at the rate of from 1 to 3 seconds per 1000 sq. ft. of space while moving away from the treated area. To reduce annoyance from these flying insects, treat open patches and paths with barrier treatment. Spray away when the air is still. Allow spray to dissipate before occupying the treated area. Repeat as necessary.

CRAWLING INSECTS Treat roaches, earwigs and spiders. Spray thoroughly into hiding places such as cracks, crevices, must areas, openings, around pipes and seams, under refrigerators, dishboards, and storage areas. Spray directly on insects where possible.

Manufactured By
AEROSOL SERVICES COMPANY, INC.
Industry, California 91746

PLAIN WRAP
FLYING INSECT
KILLER

**KILLS Houseflies, Mosquitos,
Roaches, Gnats, Wasps, Spiders, Ear-
wigs, Ants, Deerflies, Horse Flies,
Small Flying Moths**

Active Ingredients

1) Resmethrin (5-(Phenylmethyl)-3-Furyl) Methyl 2,2-Dimethyl-3-(2-Methyl-1-Propenyl) Cyclopropanecarboxylate	0.200%
Related Compounds	0.077%
d-Trans-Allethrin (synthetic homolog of Allethrin)	0.125%
Related Compounds	0.009%
Aromatic Petroleum Hydrocarbons	0.265%
Inert Ingredients	99.374%

cis/trans isomers ratio: max 30% (±) cis and min 70% (±) trans

U.S. PATENT NO. 3,465,007

E.P.A. Reg. No. 33764

E.P.A. Est. No. 33764 CA 1

CAUTION:
Keep out of reach of Children.
See additional precautionary
statements on back panel

Net Weight 12 Oz.
