NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This registration notice is being issued in accordance with Section 2(c)(7)(A) of the FIFPA subject to the following conditions.

(1) It is understood that you will submit any/or data as required for registration or re-registration of your product under Section 2(c)(3) of the FIFPA when the Agency requires all registrants of similar products to submit such data.

(2) You will submit five copies of your product printed labels complying with the requirements or revisions specified in the attachment to this registration notice. These labels must be submitted to the Agency before the product is released for shipment as required by 47 Notice 30-2, 47 Fed. Reg. 18, 1982.

A stamped copy of the draft label is enclosed for your records. Your release of the product for shipment constitutes acceptance of these conditions. If the conditions are not complied with, the registration will be subject to cancellation in accordance with Section 4(c) of the FIFPA.

Product Name "Power Klean"

The following requirements or revisions apply to the label which was accepted with this registration notice:

1. The registration number which has been assigned to this product must appear on the label as EPA Reg. No. 33821-13.
2. The word POISON must appear in red on a contrasting background. Traditionally, however, manufacturers satisfy this requirement by printing POISON, DANGER and the SKULL AND CROSSBONES in red. The skull and crossbones must appear in the immediate proximity to the word "POISON."
3. The Storage and Disposal statement must be appropriate for the container size. The following statement is suitable for container sizes one quart through one gallon for your type product.

Keep securely closed, away from heat or open flame in a well ventilated area away from food and feed. Fumes are corrosive to metal. Do not reuse empty container; rinse thoroughly with water and detergent. Discard in regular trash collection.

For containers larger than one gallon the following Storage and Pesticide Disposal statement can be used:

#### Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal. Storage: Keep securely closed, away from heat or open flame in a well ventilated area. Fumes are corrosive to metal. Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or Hazardous Waste representative at the nearest EPA Regional Office for guidance.

For Container Disposal instructions based on containers by type, refer to Appendix A of PR Notice 83-3 dated March 29, 1983 (enclosed).

4. Complete the net contents declaration.
5. The labels which will be used for this product in channels of trade must reflect these revisions.
6. Five copies of the finished printed labels, as defined in the A-79 enclosure, must be submitted to the Agency before the product is released for shipment to comply with PR Notice 82-2 of June 18, 1982.
7. The finished printed labels must comply with the general labeling requirements of Section 162.10 of Title 40 of the Code of Federal Regulations. If the label does not satisfy these requirements it will be rejected.

"POWER KLEAN" is a concentrated acid disinfectant bathroom toilet bowl cleaner, especially formulated to kill many germs commonly found in hospital, industrial and institutional environments. "POWER KLEAN" contains a high level of acid together with an acid compatible detergent system which facilitates the easy removal of resistant stains and permits its disinfectant action.

When used as directed, "POWER KLEAN" cleans, disinfects and deodorizes in one easy step.
