AND DOMESTIC ANIMALS.**

**DANGER:**

Highly corrosive to skin. Avoid eye contact. May be fatal if swallowed or comes in contact with skin. Avoid contact with clothing. Avoid contact with face, hands and rubber gloves when handling. Do not breathe dust. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

**ENVIRONMENTAL HAZARDS**

The product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES Permit. For guidance contact the regional office of EPA.

**PHYSICAL AND CHEMICAL HAZARDS  
STRONG OXIDIZING AGENT:**

Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction, with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible isolate container in open air or well ventilated area. Flood with large volumes of water.

AT ELEVATED TEMPERATURES (above about 325 F) a self propagating thermal decomposition may occur with resulting irritating and toxic gases.
