DATE OF ISSUANCE US ENVIRONMENTAL PROTECTION AGENCY 6 1995 SFP 33906-7 OFFICE OF PESTICIDES PROGRAMS TERM OF ISSUANCE **REGISTRATION DIVISION (75-767)** WASHINGTON, DC 20460 NAME OF PESTICIDE PRODUCT NOTICE OF PESTICIDE: REGISTRATION REREGISTRATION (Under the Federal Insecticide, Fungicide, Nissan D.C.C.Na. Dihydrate and Rodenticide Act, as amended) Granular NAME AND ADDRESS OF REGISTRANT (Include ZIP code) Nissan Chemical America Corp. 303 South Broadway Tarrytown, NY 10591 NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number. On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act. A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith. Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others. Based on your response to the Reregistration Eligibility Document, EPA has reregistered the above named product subject to the comments recorded in the succeeding paragraph. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product. Make the following labeling changes before you release the product for shipment: Revise the Precautionary Statements and Statement of Practical Treatment in accordance with Attachment A for Batch 26 products. A stamped copy of the product label is enclosed for your records. Submit one copy of the final printed labeling before releasing the product in channels of trade with the revised labeling. ATTACHMENT IS APPLICABLE SIGNATURE OF APPROVING OFFICIAL DATE EPA Form 8570-6 (Rev. 5-76) PREVIOUS EDITION HAY BE USED UNTIL SUPPLY IN FAMALITY.

DIRECTION FOR USE

)

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For manufacturing, repackaging or reformulating use only.

For formulation into end-use products intended for disinfectants, sanitizers and algicides.

Formulators using this product are responsible for obtaining EPA registration of their formulated products.

PRECAUTIONARY STATEMENTS

Hazard to Humans and domestic animals:

DANGER: Corrosive. Causes eye and skin damage. Do not get in eyes, on skin or on clothing. Wear goggles and rubber gloves when handling. May be fatal if swallowed. Avoid breathing dust. Wash thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARD: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board of Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARD: Oxidizing material. Avoid contact with combustible materials. Keep away from all sources of heat, flame or sparks. At elevated temperatures (above about 325°F) a self propagating thermal decomposition may occur with resultant irritating and toxic gases. In case of fire, flood with large quantity of water. In the event of contamination or decomposition, do not reseal container.

STORAGE AND DISPOSAL

STORAGE: Retie polyethylene liner after each use and keep container tightly closed. Store in a dry place. Do not allow water to get into container. Keep container off wet floors. Do not contaminate water, food or feed by storage or disposal.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for quidance.

container disposal: Completely empty liner by shaking and tarping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State or local authorities. Kinse empty container with water, and dispose of in the same manner.
