DIRECTIONS FOR USE

SHAKE BEFORE USE. Point valve away from face and press button. Hold can at least 3 feet from surfaces which may stain and 18 inches from plants.

FLIES, MOSQUITOES, GNATS and WALL FLYING MOTHS

Direct Spray at insects using short bursts. 1 to 2 seconds of treatment. Repeat treatments follow. On indoors and windows. 2. On a window a thin mist spray toward all parts of the room. Repeat second spray 300 feet. Keep in use until 15 minutes. Do not re-spray in treated area until later area after treatment is completed.

WASPS and HORNETS. Direct spray at these insects with short bursts. Spray thoroughly at nests, hiding and breeding places when insects have retired at night. Contact as many insects as possible.

ROACHES, SOWBUGS, BOXELDER BUGS, CENTIPEDES, CRICKETS, EARWIGS, GRAIN MITES and SPIDERS. Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, baseboards and storage areas. Spray directly on insects where possible. Repeat as necessary.

ANTS. Spray trails, nests, and points of entry. Spray on ants where possible. Repeat as necessary.

FOR CONTROL OF PESTS ON
ORNAMENTAL PLANTS

For control of **APHIDS, TWO-SPOTTED SPIDER MITES** and **ADULT WHITE FLIES** on ornamental house and greenhouse plants (African violet, aralia, Christmas cherry, chrysanthemum, cineraria, dieffenbachia, fuchsia, gloxinia, ivy, lantana, Neanthe bella palm, petunia, rose and snap dragon and on outdoor plants, azalea, chrysanthemum, euonymus, ivy, marigold, petunia, rose, snap dragon and zinnia). Spray plants with a slow sweeping motion so that mist drifts into plants. Direct spray so that upper and lower leaf surfaces are contacted. Use caution on new growth and tender foliage. Repeat as necessary. When using a mister spray when air is still.

For control of these pests, as well as **TENT CATERpillERS, CANKER WORMS** and **GARDEN WEBWORM** on ornamental crabapple, cherry and plum trees, spray as above. Do not spray during fruit times.

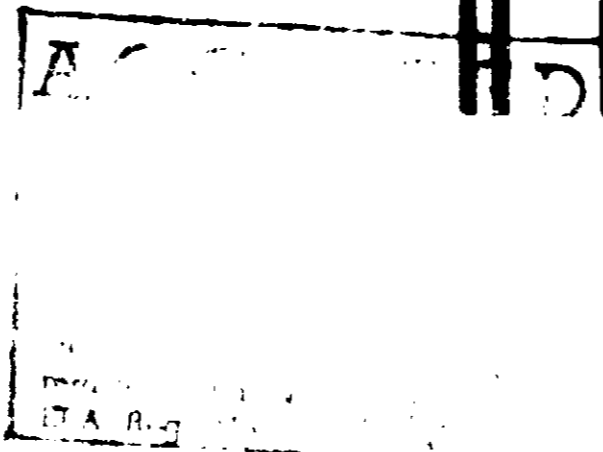

Read and follow directions on back panel during treatment. All foliage and surfaces should be covered during treatment with a light, directed spray. When using the product in the home, apply only when the fan is not in operation. Avoid contact with children and pets.

Avoid contact with eyes, nose, mouth, and throat. Avoid contact with skin. Do not inhale the mist. Do not use in enclosed areas. Do not use in the presence of children. Do not use in the presence of pets. Do not use in the presence of food. Do not use in the presence of clothing. Do not use in the presence of furniture. Do not use in the presence of electronics. Do not use in the presence of other household items.

Contact your local health department for more information. Do not use in the presence of children. Do not use in the presence of pets. Do not use in the presence of food. Do not use in the presence of clothing. Do not use in the presence of furniture. Do not use in the presence of electronics. Do not use in the presence of other household items.

Revere's Flea & Tick Shampoo has insect-killing agents to effectively kill fleas, ticks and lice on contact. Thoroughly cleans, rinses free without drying-out skin or coat.

DIRECTIONS FOR USE

Wet animal thoroughly. Apply full strength and lather well over entire body. Keep away from eyes. If it gets into eyes, rinse out immediately with clean water to prevent irritation. Allow lather to remain on animal for 10 minutes for full effect. Rinse thoroughly. For tick control, apply directly to ticks present after final rinse.
Apply this product only as specified on this label.

ENVIRONMENTAL PRECAUTIONS

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not reuse container. Bury or discard in a safe place.
