

**CONTAINS:** Karathane\*, Captan, Malathion and Methoxychlor for Combined Disease and Insect Control. See List of Pests on other panel.

**DIRECTIONS FOR USE**

As a Dust—Apply early in the morning or evening when air is still and temperature low. Cover all surfaces (upper and lower) of plant with a light deposit of dust. Do not use in excess. Start application before insects are numerous or disease symptoms appear. Apply at 7 to 10-day intervals and more frequently during rainy periods throughout the growing season.

Use ACME ROSE DUST squeeze duster, or a good mechanical duster.

ACME ROSE DUST is colored to leave a less visible deposit on the leaves.

ACME ROSE DUST may be used on other flowers and ornamentals for control of similar Pests.

**CAUTION:** Harmful if swallowed! Avoid inhaling dust particles. Avoid contamination of feed or foodstuffs. Avoid contact with skin. Wash thoroughly. Keep out of eyes. Keep out of reach of children. Do not apply when temperature will reach 90-95°F. during the day or when foliage remains wet. Not to be used on plants inside the home.

Keep out of any body of water. Fish may be killed. Toxic to bees. Do not dust when bees are active in the area.

Do not reuse container. Destroy when empty.
