Explanation: Use additional page(s) if necessary. (For section I and Section II.)

Notification per Pesticide Registration Notice (PRN) 98-10:

1. Changes in retail packaging for only the retail size of One (1.0) Pint container:
 - a. For 1.0 pint containers only: the Directions for Use of the labeling of Acme® Sevin Brand Liquid Insecticide Dura-Spray (EPA Reg. No. 33955-533) were presented in a *tabular format* and EPA-approved on April 12, 2000. The fix-a-form label affixed to the container size of one pint measures 3"x4", and the space is inadequate to present the Directions for Use in a *tabular format*. We are requesting to present the tables/charts previously-approved in a *narrative format*, and we are maintaining all instructions without change. Or, the methods of application, the application or dosage rate, and the application schedules, and all other instructions have been maintained without change.
 - b. One printed copy of the PDF file intended for the 1.0 pint container labels is enclosed. Final printed labels will be submitted to the Agency before this product is released for shipment.
2. This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or Confidential Statement of Formula of this product. I understand that it is a violation of 18 U.S.C Sec. 1001 to willfully make any false statement to the EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under Section 12 and 14 of FIFRA.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if swallowed. Avoid breathing spray mist. Avoid contact with eyes, skin or clothing.

User Safety Requirements:

- Wear long-sleeved shirt, long pants, shoes plus socks and household latex or rubber gloves when mixing and applying this product.
- Wear a hat and eye protection when making overhead applications.
- Remove clothing immediately if pesticide soaks clothing. Change clothing as soon as possible after use.
- Wash the outside of gloves before removing. As with any pesticide product, wash hands thoroughly immediately after handling and before eating, smoking or using the toilet.
- Do not allow children or pets to contact treated area until sprays have dried.

Statement of Practical Treatment

IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting.

7/18

10906 LiquidDuraSpray FAF Pint 11/15/02

IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.

NOTE TO PHYSICIAN: Carbaryl is a moderate reversible cholinesterase inhibitor. Atropine sulfate is antidotal. Do not use 2-PAM, opiates, or cholinesterase inhibiting drugs.

ENVIRONMENTAL HAZARDS:

This pesticide is toxic to aquatic and estuarine invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment washwater. Do not apply when weather conditions favor drift away from target area.

This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Not for use on plants being grown for sale or other commercial use, or for commercial seed production, or for research purposes. For use on plants intended for aesthetic purposes or ornamental gardens or parks, or on golf courses or lawns and grounds.

For California: This product is not registered for use with the Pesticide Regulation Division of the California Department of Food & Agriculture (CDFA).

STORAGE & DISPOSAL

STORAGE: Keep from freezing. Store in original container in a cool, dry and locked storage area inaccessible to children or pets. Do not store with food or feed. Do not store in areas where temperatures frequently exceed 100°F. Keep from freezing as bottle may break.

CONTAINER DISPOSAL:

If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

INSECT CONTROL:

Apply when insects or their damage appears. To maintain control repeat at 7 to 10 day intervals unless a shorter interval is specified below. Where a dosage range is indicated use the lower rate on young plants and early instars, and use the higher rate on mature plants, advanced instars, and adults. Thorough and uniform spray coverage is essential for effective control.

- Shake well before measuring. Keep container closed to prevent caking of contents. Best results are obtained by diluting measured amount of product with water in a separate container before adding to the sprayer.
- Apply when air is calm to avoid drift and contact with eyes and skin.
- Start applying at the farthest corner of the treatment area and work backward to avoid contact with wet surfaces. Allow spray to dry in treated areas before reentering.
