PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Harmful if swallowed. Avoid contact with eyes, skin, or clothing. Avoid breathing spray mist. Wash hands after using. Keep children and domestic animals off treated areas until this material has been washed into the soil.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting.

Environmental Hazards: Do not apply directly to water. Do not apply when weather conditions favor drift away from target area. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not contaminate domestic or irrigation waters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Do not store near other pesticides or seeds.

PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse container. Rinse thoroughly before discarding in trash.

INSTRUCTIONS FOR PRESSURE SPRAYERS AND CONTAINERS FITTED WITH SPRINKLER CAPS

ACME® "READY-TO-USE" WEED & GRASS KILLER CONTROLS UNWANTED VEGETATION

- AROUND BUILDINGS
- ALONG SIDEWALKS
- ALONG DRIVEWAYS
- UNDER TREES
- UNDER ORNAMENTALS

KILLS BERMUDAGRASS, JOHNSONGRASS, QUACKGRASS, and OTHER DEEP ROOTED PERENNIALS. ALSO, KILLS BROME, FOXTAIL, WILD OATS, BURR CLOVER, MALLOW, and MORNINGGLORY.

INFORMATIVE Acme® "Ready-To-Use" Weed & Grass Killer is recommended for the control of a wide variety of unwanted vegetation around buildings, along sidewalks and driveways and under trees and ornamentals. This product may also be used for complete lawn renovation. It is deactivated on contact with the soil.

INSTRUCTIONS: This product is ready-to-use. One-half gallon will cover up to 125 square feet. Apply the spray solution with a fluid pump or pressure-sprayer, using a nozzle or nozzle setting that gives a fine spray.

Acme® Ready-To-Use Weed & Grass Killer may be applied directly from the container. First, remove cap that covers applicator head. Be sure that applicator head is firmly fastened in place. Create spray pattern by turning container over. Thoroughly cover unwanted vegetation with product. 3 of 4

For spot treatment, hold container just a few inches above undesired vegetation.

GENERAL WEED CONTROL: Spray unwanted vegetation thoroughly to the point of runoff. Wilting will appear in 1 to 3 days and thorough browning in about 5 to 7 days. Repeat applications may be necessary, particularly for hard-to-kill perennials. The best kill is obtained on young plants and during hot, sunny weather.

Apply product to thoroughly wet unwanted vegetation to point of runoff.

LAWN RENOVATION: The area to be treated should be mowed before treatment. Bermudagrass and other deep-rooted perennials or uncovered foliage may require a second treatment. Reapply 5 days later if green areas remain. When foliage is all brown, matted areas should be raked and bare spots scarified. About 5 days after last treatment, water thoroughly and then seed at rate recommended for new lawns. Seed must be raked into soil. Keep seeded areas well watered.

Do not apply directly or allow spray to come into contact with foliage, green bark, grafted unions, or scuffed, damaged or broken bark when spraying around trees and ornamentals.

INSTRUCTIONS FOR SPOT TREATMENTS WITH TRIGGER SPRAYERS

WHERE TO USE:

ACME® "READY-TO-USE" WEED & GRASS KILLER CONTROLS UNWANTED VEGETATION

- AROUND BUILDINGS AND FOUNDATIONS
- ALONG SIDEWALKS
- ALONG DRIVEWAYS AND PARKING AREAS
- UNDER TREES AND SHRUBS
- UNDER ORNAMENTALS

This product is to be applied to emerged grass and broadleaf weeds. Plants that have not emerged at the time of application will not be controlled.

Controls bermudagrass, johnsongrass, quackgrass, and other deep rooted perennials. Also, controls brome, foxtail, wild oats, burr clover, mallow, and morningglory.

HOW TO USE: This product is ready-to-use for spot-treatments of annual and perennial weeds that are actively growing.

Thorough coverage is important. Hold the container 12-18 inches above the soil. Spray unwanted plants on a spray-to-wet basis. Use a coarse spray. Avoid contact with leaves and stems of desirable plants. This product is nonselective and will injure or kill all plants contacted with spray droplets. Do not apply directly to leaves, stems, or bark of trees, shrubs, and flowers.

One quart of product will treat up to 60 square feet.

Wilting may appear in 1-3 days and browning of leaves will occur in 5-7 days. Additional applications may be necessary to control perennials.
