...or buried in a safe place.

...or bury in a safe place.

- f. Revise the statement: (upper left panel)

"...compatible with all chemicals used in pool..."

to read:

"... compatible with many chemicals used in pool..."

- g. Add the following statements:

Environmental Hazards

This pesticide is toxic to fish.
Do not discharge effluent containing this active ingredient into lakes, streams, ponds, estuaries, oceans or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
