D-ALGE algaecide is efficient, economical and stable in use dilution.

D-ALGE is compatible with all chemicals used in pool water and will not damage tile, concrete, metal, or plastics.

D-ALGE keeps pool water free and sparkling, clear of visible algae, algae slime and green brown colors.

D-ALGE improves filter operations and cuts down need for other chemicals.

D-ALGE imparts tone and a pleasant feel to swimming pool water.

D-ALGE

OUTSTANDING ALGAE GROWTH DEPRESSANT

ACTIVE INGREDIENTS:
Alkyl*Dimethyl Benzyl Ammonium Chloride
*(C14,60%; C12,25%; C15,15%.....10%

INERT INGREDIENTS:.....90%
100%

FIRST AID:

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before re-use. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIANS: Irreversible mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed.

DIRECTIONS

Apply by pouring directly into pool.
Initial Application: To a cleaned pool add one gallon to 50,000 gallons of water, or ratio thereof.

Maintenance Dose: use one quart per 50,000 gallons of water every 5 to 7 days. When weather is hot or bathing load is heavy, use this dosage every 5 days or as necessary.

Booster Dose: Immediately after every rain, add one quart per 50,000 gallons of water as above.

Important: Follow above directions without fail, even when pool is not used. Algae growth must be fought at all times.

Pool-side surfaces: After cleaning surfaces, use one oz. to four gallons of water for sanitizing or one oz. to two gallons of water for disinfecting. Apply so as to thoroughly wet the surfaces.
