HIGHLIGHTS

Cross-infection is of major housekeeping concern not only in hospitals, but in schools, institutions, and industry. Bio-Clean is formulated for this problem area. It both cleans and disinfects effectively and is virucidal when used as directed. Its hard surface disinfecting action will reduce the hazard of cross-infection.

Bio-Clean is an extremely effective one-step sanitizer. It cleans and sanitizes in waters up to 800 ppm hardness. This hard water tolerance is in excess of most potable waters and will insure complete sanitizing action when used as directed.

*Bio-Clean is virucidal against Herpes Simplex (a member of the virus family that causes infectious mononucleosis), vaccinia (representative of the pox viruses), adenovirus Type 5 (a causative virus in respiratory diseases), and Influenza A, as represented by the strains commonly called the Hong Kong Flu and the London Flu Virus, on inanimate environmental surfaces. Use at 2 oz. per gallon.

WARNING

Keep out of reach of children. May cause severe eye irritation or eye damage. Causes skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Avoid contamination of food.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink promptly a large quantity of water. Avoid alcohol. Call physician immediately.

STORAGE AND DISPOSAL

Must be kept under locked storage. Store at room temperature. Keep containers in upright position and closed when not in use. If damaged or leaking, transfer contents to clean container. Do not mix with other chemicals. Do not contaminate water, food, or feed by storage or disposal.

DISPOSAL - Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL - Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
