# QUAT-KLEAN

Cleaner — Disinfectant — Deodorizer  
Fungicide — Virucide\*  
for Institutional Use

AOAC Phenol Coefficients	
Staph. aureus (ATCC No. 6538)	50
Salmonella typhosa (ATCC No. 6539)	20
Active Ingredients	
Didecyl dimethyl ammonium chloride	2.5%
Tetrasodium ethylenediamine tetraacetate	2.0%
Sodium carbonate	1.5%
Inert Ingredients	94.0%
	<hr/>
	100.0%

EPA Registration No. 34282-2

### WARNING

KEEP OUT OF REACH OF CHILDREN. SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

## DICKLER CHEMICALS

4201 TORRESDALE AVE. • PHILADELPHIA, PA.

### USE DIRECTIONS

Add two ounces per gallon water.

Apply **QUAT-KLEAN** to walls, floors and other hard surfaces such as tables, chairs and bed frames with a cloth or mop.

At two ounces per gallon use-level, **QUAT-KLEAN** is effective against Staphylococcus aureus, Salmonella choleraesuis, Escherichia coli, and Trichophyton interdigitale, the athlete's foot fungus. Germicidal performance against the first three organisms has been confirmed by the AOAC Use-Dilution Test. Fungicidal performance against T. interdigitale was determined by the AOAC Fungicidal Test.

\*At two ounces per gallon use-level, **QUAT-KLEAN** is virucidal against Herpes Simplex (a member of the virus family that causes infectious mononucleosis), Vaccinia (representative of the pox viruses), and Influenza A<sub>2</sub> (the Hong Kong flu virus), on inanimate environmental surfaces.

Note, this product is not effective against Ps. aeruginosa at this use-level.

For sanitizing add one ounce per gallon of water.

Use **QUAT-KLEAN** for sanitizing and cleaning utensils, equipment, and other hard surfaces. When sanitizing food processing equipment and utensils and food contact surfaces, rinse thoroughly with potable water.

Rinse empty container with water before discarding.

**QUAT-KLEAN** is an industrial cleaner which disinfects as it cleans. It is especially designed for schools, institutions, and industry. A single application removes dirt and grime, disinfects, and is virucidal. When used as directed, the hard surface disinfecting action of **QUAT-KLEAN** will reduce the hazard of cross-infection.

**QUAT-KLEAN** is an extremely effective one-step sanitizer. It cleans and sanitizes in waters up to 1000 ppm hardness. This hard water tolerance is in excess of most potable waters and will insure complete sanitizing action when used as directed.
