MOSQUITO ATTRACTANT

For Use With ALL Electronic Insect Killers

The enclosed slow-release strip is designed to continuously release OCTENOL (1-OCTEN-3-OL) an insect attractant, to lure mosquitoes and biting flies to your electronic insect killer.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Remove slow-release strip from its protective pouch. Attach strip to outer enclosure by placing oval cut-out around enclosure strut as shown.

Each strip is designed to release attractant for up to 30 days.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, absorbed through the skin or inhaled. Avoid skin, mouth and eye contact. Wash thoroughly with soap and water after handling.

STATEMENT OF PRACTICAL TREATMENT:

If inhaled — move to fresh air.
If on skin — wash affected areas with soap and water.
If in eyes — flush with plenty of water. Call a physician if irritation develops.

STORAGE AND DISPOSAL:

Storage: Store unopened pouch in a cool, dry place until ready to use.

Disposal: Do not reuse strip. Wrap strip in paper and discard in trash.
