TERM OF ISSUANCE

NAME OF PESTICIDE PRODUCT

NOTICE OF PESTICIDE:

REGISTRATION
REREGISTRATION

*(Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended)*

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

1. Add to label: "EPA Registration No. 446-441"

2. Add to label: "Do not use on lawns, lawns, or other areas where children or pets may be present."

3. Add to label: "Do not use on lawns, lawns, or other areas where children or pets may be present."

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

This registration pertains only to the formulation prepared from the 80% active ingredient manufacturing-use product (MP). Since the review of the chemistry data for the 97% active ingredient MP has not been completed, we cannot accept the alternate formula utilizing that product at this time. We will reevaluate the alternate formula request when the chemistry data review is complete.

COMPOSITION AND APPLICATION

Intercide ABF-5 SOLID is a formulation of 10,10'-oxybisphenoxarsine specifically designed for compatibility with vinyl systems. It is supplied as a solid, in a polymeric resin carrier, in pelletized form.

The incorporation of approximately 0.6% by weight of an Intercede ABF-5 SOLID based on the weight of the total vinyl system, will usually provide protection against the surface growth of many mildew organisms. It is recommended that each formulation be checked out in a qualified laboratory in order to determine the optimum level required for protection. Interstab Chemicals can provide antifungal testing and/or assistance in formulation to meet individual requirements. It may be necessary to incorporate levels as high as 1.0% of this material in a vinyl system which is exposed to outside weathering.

Intercede ABF-5 SOLID contains the 10,10'-oxybisphenoxarsine in a formulation containing a polymeric resin can be substituted directly for the equivalent amount of resin it is replacing.

This information is furnished without warranty, representation, inducement of any kind, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose except that it is accurate to the best of Interstab Chemical's knowledge or obtained from sources believed by Interstab Chemicals to be accurate, and Interstab Chemicals does not assume any legal responsibility for use or reliance upon same. Customers are encouraged to conduct their own tests. Before using any product read its label.
