

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Harmful or fatal if swallowed. Avoid contact with skin, eyes or clothing. Avoid breathing vapors.

ENVIRONMENTAL HAZARDS

DO NOT USE ON OR NEAR DESIRABLE VEGETATION. To be used only on non-crop areas for non-selective weed control. Do not apply when weather conditions favor drift of spray from areas treated.

IMPORTANT — Injury to or loss of desirable trees or other plants may result from failure to observe the following. Do not apply, or drain or flush equipment on or near desirable trees or other plants or on areas where their roots may extend, or in locations where the chemical may be washed or moved into contact with their roots. Do not use on lawns, walks, driveways, tennis courts, or similar areas. Prevent drift of spray to desirable plants. Do not contaminate domestic waters. Keep from contact with fertilizers, insecticides, fungicides, and seeds. Thoroughly clean all traces of CLEAN CROP BROMACIL WEED KILLER from application equipment immediately after use. Flush tank, pump, hoses, and boom with several changes of water after removing nozzle tips and screens (clean these parts separately).

Keep out of lakes, ponds or streams. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

PROHIBITIONS

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

PESTICIDE DISPOSAL

Pesticide, spray mixture, or rinsate that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies.

CONTAINER DISPOSAL

Triple rinse (or equivalent) and offer for recycling, reconditioning, or disposal in approved landfill or bury in a safe place.

GENERAL

Consult federal, state or local disposal authorities for approved alternative procedures.

GENERAL INFORMATION

CLEAN CROP BROMACIL WEED KILLER is a water soluble liquid to be mixed in water and applied as a spray on non-cropland areas. It is an effective general herbicide for control of brush and many annual and perennial weeds and is particularly useful for control of perennial grasses. Effects are slow to appear and may not become apparent until the chemical has been carried into the root zone of the weeds by moisture. The degree of control and duration of effect will vary with the amount of chemical applied, soil type, rainfall, and other conditions.

CLEAN CROP BROMACIL WEED KILLER, after mixing in water, is non-volatile, non-flammable, and non-corrosive to metals except aluminum. Do not use with aluminum spray nozzles.

DIRECTIONS

Apply CLEAN CROP BROMACIL WEED KILLER just before or during the period of active growth of plants to be controlled. If dense growth is present, results will be improved if vegetation is removed before treatment. Do not apply when ground is frozen.

Before spraying, calibrate equipment to determine quantity of water necessary to uniformly cover measured area to be treated. Measure the proper amount of CLEAN CROP BROMACIL WEED KILLER and mix into the necessary volume of water. After CLEAN CROP BROMACIL WEED KILLER has been thoroughly mixed in the spray tank, agitation of the spray solution is not required.

Use a fixed-boom power sprayer properly calibrated to a constant speed and rate of delivery. For application with a hand-gun sprayer, use at least 200 gals. spray per acre. For treating small areas, a tank-type hand sprayer or sprinkling can may be used.

WEED CONTROL

To control most weeds for an extended period of time on non-cropland areas such as FENCE ROWS, around FARM BUILDINGS, STORAGE BINS and INDUSTRIAL PLANT SITES.

Apply 4 to 8 gals. CLEAN CROP BROMACIL WEED KILLER per acre to control ANNUAL WEEDS AND GRASSES such as foxtail, ryegrass, wild oats, crabgrass, cheatgrass, bromegrass, ragweed, lambsquarters, puncturevine, orchardgrass and turkey mullein. When applied just prior to or after emergence of annuals, rates as low as 2 gal. per acre control many annual weeds and grasses in low rainfall areas and give short term control in higher rainfall areas.

Apply 8 to 16 gals. CLEAN CROP BROMACIL WEED KILLER per acre to control PERENNIAL WEEDS and GRASSES such as smooth brome, Bahiagrass, bluegrass, redtop, purpletop, quackgrass, broomsedge, aster, dandelion, dog fennel, goldenrod, plantain and wild carrot. In areas with low or seasonal rainfall, rates as low as 6 gals. per acre control many perennial weeds and grasses.

CLEAN CROP

BROMACIL WEED KILLER

ALL PURPOSE PLANT KILLER
 Not To Be Used Near Desirable Vegetation
WATER SOLUBLE LIQUID
 1 Gallon Contains 3/4 Pounds Bromacil

ACTIVE INGREDIENT:
 Lithium salt of bromacil (5-bromo-3-sec-butyl-6-methyluracil)..... 8.7%

INERT INGREDIENTS:..... 91.3%

U.S. Pats. 3,235,357 & 3,352,862

is a water soluble liquid to be used on non-cropland areas. It is an effective brush and many annual and perennial weeds. It is useful for control of perennial weeds which do not become apparent until the next growing season. The zone of effect will vary with the soil and other conditions.

After mixing in water, it is non-toxic to metals except aluminum.

Apply just before or during controlled growth. If dense growth is present, vegetation should be removed before application.

Determine quantity of water area to be treated. Measure BROMACIL WEED KILLER and mix with CLEAN CROP BROMACIL in the spray tank. Agitation of

is calibrated to a constant with a hand-gun sprayer. Use for treating small areas. A tank-type

period of time on non-cropland areas around FARM BUILDINGS STORAGE

Apply 16 to 32 gals. CLEAN CROP BROMACIL WEED KILLER per acre to control JOHNSONGRASS use at the same rate for HARD TO KILL PERENNIAL WEEDS and GRASS. Bermuda-grass, Dallisgrass, nutsedge, Vaseygrass, salt-tolerant, dogbane, bracken fern and horsetail. Where growth (usually less than 4 inches) occurs during the active growing season. Such as some areas of the West. CLEAN CROP BROMACIL WEED KILLER will not provide satisfactory control of hard to kill perennial weeds such as Johnsongrass.

Apply 2 to 8 gals. CLEAN CROP BROMACIL WEED KILLER per acre when annual weeds and grasses remain uncontrolled where weed growth has been controlled.

For Small Areas — Eight fl. oz. of CLEAN CROP BROMACIL WEED KILLER per 250 sq. ft. is approximately 10 1/2 gals. per acre.

BRUSH CONTROL

To control undesirable woody plants on non-cropland areas around FENCE ROWS around FARM BUILDINGS STORAGE and INDUSTRIAL PLANT SITES.

Note: For effective brush control and prevention of desirable vegetation, do not apply to brush standing in water, irrigation ditches nor on right-of-ways or other sites where timber or other desirable trees or shrubs are immediately adjacent to the treated area.

Broadcast Treatment — Apply 6 to 13 1/2 gals. per acre to control brush such as American elm, winged elm, hackberry and cottonwood. Use the higher levels of the dosage range on heavy soils (those high in organic matter or carbon).

NOTICE TO BUYER

Seller warrants that this product conforms to the chemical analysis on the label thereof and is reasonably fit for purposes stated on the label only when used in accordance with directions and conditions thereon. This warranty does not extend to use of this product contrary to label use directions or under abnormal use conditions not reasonably foreseeable to seller, buyer or user. Seller makes no other warranties, expressed or implied. Purchase of this material does not confer any rights under patent laws outside of the United States.

Keep Out Of Reach Of Children
CAUTION
 HARMFUL IF SWALLOWED
 AVOID CONTACT WITH SKIN, EYES OR CLOTHING
 AVOID BREATHING VAPORS

STATEMENT OF PRACTICAL TREATMENT
 In case of contact with eyes, immediately flush with plenty of water. Get medical attention if irritation persists.

Do not re-use container.
 KEEP CONTAINER CLOSED WHEN NOT IN USE.

BROMACIL WEED KILLER

ALL PURPOSE PLANT KILLER
Not To Be Used Near Desirable Vegetation
WATER SOLUBLE LIQUID
1 Gallon Contains 3/4 Pounds Bromacil

ACTIVE INGREDIENT:
Lithium salt of bromacil (5-bromo-3-sec-butyl-6-methyluracil) 8.7%

INERT INGREDIENTS: 91.3%

U.S. Pats. 3,235,357 & 3,352,862

Apply 16 to 32 gals. CLEAN CROP BROMACIL WEED KILLER per acre to control JOHNSONGRASS use at the same rate for OTHER HARD-TO-KILL PERENNIAL WEEDS and GRASSES such as Bermudagrass, Dallisgrass, nutsedge, Vaseygrass, saltgrass, bountingbet, dogbane, bracken fern and horsetail. Where limited rainfall (usually less than 4 inches) occurs during the active growth period such as some areas of the West, CLEAN CROP BROMACIL WEED KILLER will not provide satisfactory control of hard-to-kill, deep-rooted perennial weeds such as Johnsongrass.

Use the higher levels of the dosage ranges on adsorptive soils (usually those high in organic matter or carbon).

Retreatment — Apply 2 to 8 gals. CLEAN CROP BROMACIL WEED KILLER per acre when annual weeds and grasses reappear on sites where weed growth has been controlled.

For Small Areas — Eight fl. oz. of CLEAN CROP BROMACIL WEED KILLER per 250 sq. ft. is approximately 10 1/2 gals. per acre.

BRUSH CONTROL

To control undesirable woody plants on non-cropland areas such as FENCE ROWS around FARM BUILDINGS, STORAGE BINS and INDUSTRIAL PLANT SITES.

Note: For effective brush control and prevention of damage to desirable vegetation, do not apply to brush standing in water, do not use in irrigation ditches nor on right-of-ways or other sites where marketable timber or other desirable trees or shrubs are immediately adjacent to the treated area.

Broadcast Treatment — Apply 6 to 13 1/2 gals. per acre to control oak, willow, sweet gum, and pine; apply 16 to 32 gals. per acre to control American elm, winged elm, hackberry, sumac, and cottonwood. Use the higher levels of the dosage ranges on adsorptive soils (those high in organic matter or carbon).

NOTICE TO BUYER

Seller warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with directions under normal use conditions. This warranty does not extend to use of this product contrary to label use directions, or under abnormal use conditions or under conditions not reasonably foreseeable to seller. Buyer assumes all risk of any such use. Seller makes no other warranties, express or implied. Purchase of this material does not confer any rights under patents of countries outside of the United States.
