ENVIRONMENTAL HAZARDS

Chlorpyrifos is highly toxic to bees exposed to it during bloom. Do not apply this product to blooming crops or weeds if bees are active on treated plants. Information may be obtained from the National Agricultural Experiment Station, Agricultural Research Service, Beltsville, Maryland, U.S.A. DURSBAN is toxic to fish, birds, and other wildlife. Do not apply to waterways, wetlands, and estuaries. Shrimp and crabs may be killed at application rates recommended on this label. Do not apply where these are important resources. Do not spray where there is a high probability to occur. Do not apply when weather conditions favor drift or spray drift. Do not contaminate water, land, or food with this product. Do not apply this product only as specified on this label.

PHYSICAL & CHEMICAL HAZARDS

Do not use. Pour slowly. Store in a cool, dry place.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

PROHIBITIONS

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

PESTICIDE DISPOSAL

Pesticide spray mixture or residue that cannot be used in a field or other area should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies.

CONTAINER DISPOSAL

Triple rinse (or equivalent) and offer for recycling, reuse, or disposal in an approved and/or buried in a safe place.

GENERAL

Consult Federal, State, and/or Local Disposal Authorities for approved alternative procedures.
