

Indoor/Outdoor Insect Spray

865 is intended for use indoors and in backyards, patios and picnic areas. Shake Before Using.

Directions For Use:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- To kill ants, centipedes and crickets: Spray infested surface of patio or picnic area, hitting as many insects as possible. Spray ant hills and trails for best control. Repeat as necessary.
- When properly directed, the spray mist will kill flies, mosquitoes and gnats up to 20 feet away. Point valve opening away from face. For best results, spray when air is calm. Allow a few minutes for product to take effect. Spray from center of area to be treated when not breezy. Spray with wind if breeze is blowing.
- Flies, Mosquitoes, Gnats and Small Flying Moths: Close all doors and windows and spray all parts of the room with mist. Direct spray into all areas of the room, especially windows and other light sources which attract these insects. Keep the room closed for 15 minutes after treatment. Ventilate the room completely before re-entry. Repeat treatment as necessary.
- Open and shut the valve completely. Keep your fingertip out of the spr., so as not to form droplets.
- To use entire contents, hold sprayhead stationary and rotate can until material sprays as shown.

STORAGE AND DISPOSAL

Do not reuse empty container. Wrap container and put in trash collection. Store in a cool dry place. Keep container closed.

Important Note: Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

Dear Mr. Dunlap:

Subject: Addition of Chemigation Prohibition
Clean Crop Ziram WP
EPA Registration No. 34704-67
Your Submission Dated December 19, 1989

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable with the following comment:

- At the next label printing, under the "Environmental Hazards Section", change the statement "Do not contaminate water by cleaning..." to "Do not contaminate water when disposing of equipment washwaters."

A stamped copy of the label is enclosed for your records.

In the near future the Special Review and Reregistration Division will be contacting you concerning unsupported ziram uses.

Sincerely yours,

Susan T. Lewis
Product Manager (21)
Fungicide-Herbicide Branch

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

CAUTION

May be harmful if swallowed or inhaled. May cause irritation of eyes, nose, throat and skin. Avoid contact with eyes, skin or clothing. Avoid breathing dust or spray mist.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, flush with plenty of water. For eyes, get medical attention.

ENVIRONMENTAL HAZARDS

Observe use limitations given for specific crops.
This product is toxic to fish, birds and other wildlife. Birds and other wildlife in treated areas may be killed. Keep out of lakes, streams, ponds, tidal marshes and estuaries. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Shrimp and crab may be killed at application rates recommended on this label. Do not apply where these are important resources. Apply this product only as specified on this label. Do not apply to water used for irrigation, recreational and domestic purposes.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

REENTRY STATEMENT

Do not enter treated areas without protective clothing until sprays have dried. Because certain states may require more restrictive reentry intervals for various crops treated with this product, consult your State Department of Agriculture for further information. Do not apply this product in such a manner as to directly or through drift expose workers or other persons. The area being treated must be vacated by unprotected persons.

Written or oral warnings must be given to workers who are expected to be in a treated area or in an area about to be treated with this product. Oral warnings must be given if there is reason to believe that written warnings cannot be understood by workers. When oral warnings are given, warnings shall be given in a language customarily understood by workers.

Written or oral warnings must include the following information:

CAUTION

(Insert area or field description) treated with Ziram on (insert date of application). Do not enter treated areas without protective clothing until sprays have dried. In case of accidental exposure, call a doctor (physician), clinic or hospital immediately. Explain that the victim has been exposed to Ziram and describe his condition. For further information see the "STATEMENT OF PRACTICAL TREATMENT" portion of the pesticide label.

STORAGE AND DISPOSAL

PROHIBITIONS: Do not contaminate water, food, or feed by storage or disposal. Do not store under conditions which might adversely affect the container or its ability to function properly. Such conditions include, but are not limited to, positioning of the container in storage, storage temperature, potential for crushing or damage due to stacking, and penetration of moisture.

STORAGE: Store in safe manner. Store in original container only. Store in cool, dry place. Reduce stacking height where local conditions, such as humidity or pallet overhang, can affect package strength. Personnel should use clothing and equipment consistent with good pesticide handling.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration or if allowed by State and local authorities by burning. If burned, stay out of smoke.

DIRECTIONS

TO MIX—FILL the spray tank about 2/3 full of water, and with the agitator running, slowly add in the required amount of this material. Finish filling the tank with water and let mixing continue in the tank until thoroughly mixed. Before applying and then with the agitator running apply at once.

Do not apply this product through any type of irrigation system.
