Submission Dated December 7, 1983

The amendments referred to above, submitted in connection with registration under FIFRA, are acceptable, provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - a. For your crop uses, qualify the present references to surfactants to be added to the pesticide by the growers as not approved for use on growing crops.
 - b. For all labels claiming drainage ditchbank use, add the precaution. "Do not contaminate waters used for domestic consumption, or by animals, wildlife and aquatic life, or for irrigation purposes." This statement is presently on registration 34704-113.
 - c. For registration 34704-112, under Environmental Hazards, change "Keep out of lakes, streams or ponds" to read, "Do not apply directly to water."
