Soybean	1.0	1.0
Spinach, Sunflower	1.0	1.0
Wheat	1.0	1.0

**ONLY SEED OF HIGH GERMINATION WITH GOOD VIGOR SHOULD BE TREATED WITH Lindane.** Poor seed may suffer greater injury. It is suggested that seed be treated not over six weeks before planting. What effect prolonged storage has on germination has not been definitely established. Treated seed should be stored in a dry place until planted so that excess moisture may evaporate. If seed is stacked when wet, heat may develop which impairs germination.

**IF SOIL TEMPERATURE IS EXTREMELY HIGH** due to hot weather in summer planting, or after a fire, use the recommended dosage by one half. Where the soil is very dry, it may be necessary to combine with a protective fungicide.

**STORAGE AND DISPOSAL**

**PROHIBITIONS:** Do not use this water based product on any surface where it may be a health hazard to humans or animals.

**PESTICIDE DISPOSAL:** Do not mix with other pesticides. Do not use in areas where it may be a health hazard to humans or animals. Do not use in areas where it may be a health hazard to humans or animals.

**CONTAINER DISPOSAL:** Do not use as a receptacle for other materials. Do not use for any other purpose.

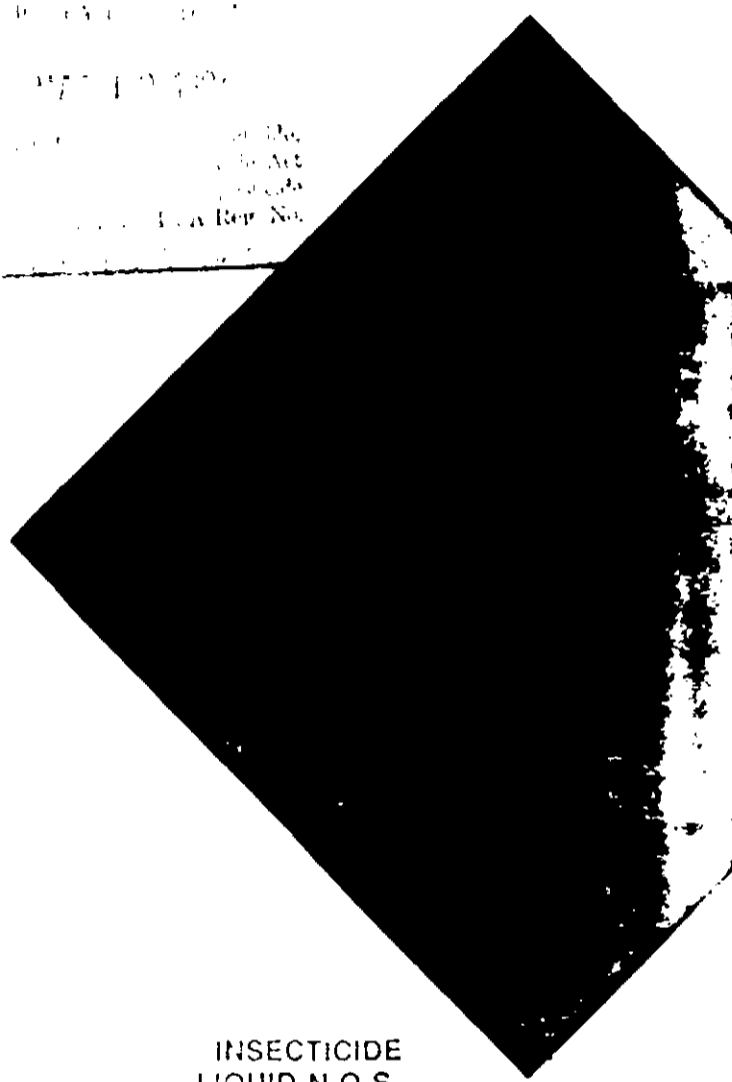

**GENERAL:** Do not use in areas where it may be a health hazard to humans or animals.

**STORAGE:** Store in a cool, dry place. Do not store in areas where it may be a health hazard to humans or animals.

**NOTICE**

Read the entire label carefully before using. Do not use if the label is missing or the instructions are not clear. Do not use if the product is old or has been stored in a hot or cold place. Do not use if the product is mixed with other pesticides. Do not use if the product is mixed with other pesticides.

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**WARNING**

May be fatal if swallowed. May be Absorbed Through Skin. Do not breathe dust. Do not get in eyes, on skin, or on clothing. Causes eye and skin irritation. Applicators who apply this product manually or with the use of a hand sprayer system treatment procedure must wear the following protective clothing during the application process: long-sleeved shirt, long pants, gloves, and a disposable paper dust mask which covers at least one third of the face. This product should be applied in a well-ventilated area. Wash hands, arms, and face thoroughly with soap after handling and before eating or smoking. Routinely shower or bathe after work and wash work clothes with soap and hot water before reusing.

**STATEMENT OF PRACTICAL TREATMENT**

**If Swallowed**—Call a physician or Poison Control Center immediately. Gastric lavage is indicated if material was taken internally. **DO NOT INDUCE VOMITING**. Vomiting may cause aspiration pneumonia.

**If Inhaled**—Remove victim to fresh air. Apply respiration if indicated.  
**HC**—Remove contaminated clothing and wash affected areas with soap and water.

**In Eyes**—Flush eyes for at least 15 minutes with water. Call a physician if irritation persists.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish, birds, and wildlife. Do not apply directly to lakes, streams, or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label. Exposed treated seeds may be hazardous to birds and other wildlife. Dispose of all excess treated seeds by burial away from bodies of water.

**PHYSICAL OR CHEMICAL HAZARDS**

Do not use or store near heat, fire, or flame.  
Do not store in a way that

**DIRECTIONS FOR USE**

Read and follow the directions on the label for the use of this product. Do not use this product in a way that is not specified on the label. Do not use this product in a way that is not specified on the label.

**DIRECTIONS**—Thoroughly mix the recommended amount of this product into the recommended amount of water for the slurry treater equipment and use as directed. Clean equipment thoroughly between treatments. Do not use treated seeds in a dry place.

**IMPORTANT**—This product must not be used on crops that are sensitive to lead or phthalate. Treat only the crops specified on the label. Do not mix with other chemicals without treatment expert approval. Seeds that are only treated with this product must be stored in a cool, dry place. Do not use seeds of the variety "Seed A" if the label on the seed container does not state "Treated with Lindane 25". Do not use seeds of the variety "Seed B" if the label on the seed container does not state "Treated with Lindane 25". Do not use seeds of the variety "Seed C" if the label on the seed container does not state "Treated with Lindane 25". Do not use seeds of the variety "Seed D" if the label on the seed container does not state "Treated with Lindane 25". Do not use seeds of the variety "Seed E" if the label on the seed container does not state "Treated with Lindane 25". Do not use seeds of the variety "Seed F" if the label on the seed container does not state "Treated with Lindane 25". Do not use seeds of the variety "Seed G" if the label on the seed container does not state "Treated with Lindane 25". Do not use seeds of the variety "Seed H" if the label on the seed container does not state "Treated with Lindane 25". Do not use seeds of the variety "Seed I" if the label on the seed container does not state "Treated with Lindane 25". Do not use seeds of the variety "Seed J" if the label on the seed container does not state "Treated with Lindane 25".

**PRODUCT INFORMATION**

For more information, contact your local distributor or the manufacturer. Do not use this product in a way that is not specified on the label. Do not use this product in a way that is not specified on the label.

## LINDANE 25 SEED TREATER

ACTIVE INGREDIENTS	BY WEIGHT
Lindane	
(Gamma Isomer of Benzene Hexachloride)	25.0%
Xylene	70.1%
TOTAL 100.0%
