ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to any body of water. Do not contaminate water by cleaning of equipment or disposal of wastes.

Do not apply when weather conditions favor drift from area to be treated.

PHYSICAL HAZARDS

Caution: Do not use, store, pour, or spill near heat or open flame. Keep away from children and animals.

GENERAL USE PRECAUTIONS

- Read all directions carefully.
- Mix with water before use.
- BE IASAN 4 E should be applied only to lawns and ornamentals.
- Check up spray with nozzle. Do not spray directly at person.
- Do not let children play on treated lawn until grass is dry.
- BE IASAN 4 E is not intended for use on plants or animals.
- Do not apply pesticides to lawn, ground covers, or established ornamentals before treating with BE IASAN 4 E.

PRODUCT INFORMATION

BE IASAN 4 E is a selective herbicide for the control of crabgrass, goosegrass, annual bluegrass and other annual weeds in lawns and ornamentals. It is a pre-emergent herbicide which prevents the germination and growth of these weeds. It is effective against crabgrass, goosegrass, annual bluegrass, and other annual weeds. It is not effective against perennial weeds.

WEEDS CONTROLLED

- Annual Bluegrass (*Poa annua*)
- Barnyardgrass (*Echinochloa crus-galli*)
- Dandelion (*Taraxacum officinale*)
- Fall Paspalum (*Paspalum paspalodes*)
- Foxtail (*Setaria sp.*)
- Goosegrass (*Echinochloa crus-galli*)
- Hairy Crabgrass (*Digitaria sanguinalis*)
- Large Crabgrass (*Chenopodium album*)
- Redroot Pigweed (*Amaranthus retroflexus*)
- Shepherdspurse (*Capsella bursa-pastoris*)
- Smooth Crabgrass (*Digitaria ischaemum*)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with labeling.

TIMING OF APPLICATION

The most effective program for control of crabgrass, goosegrass, annual bluegrass and other annual weeds is one specifically designed for local conditions. Two or more applications per year may be necessary, using the recommended rates given below for a particular weed problem. For a detailed information regarding timing and rate of application, consult weed specialists of the State Agricultural Extension Service or the State Agricultural Experiment Station.

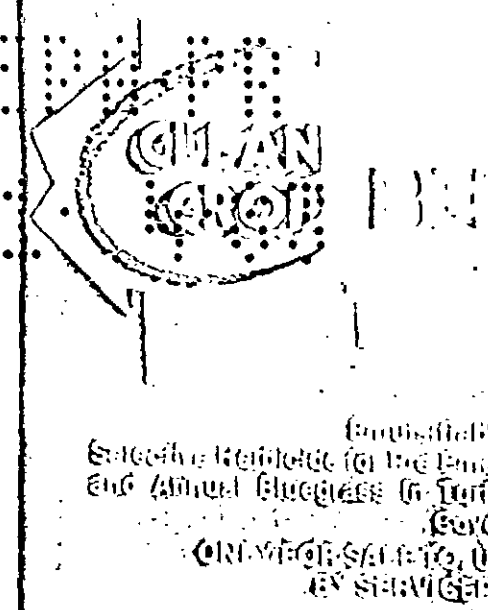

GRASS LAWNS: BE IASAN 4 E should be applied only to well established lawns. It can be used on the following established lawns:

- Bermudagrass
- Centipede
- Poa Triflorum
- Fescue
- St. Augustine
- Perennial Ryegrass
- Red Top
- Zoysia

DICHOTOMA LAWN: BE IASAN 4 E can be applied to dichotoma lawns. Dichotoma lawns are lawns where the ornamental plants are ground covers. BE IASAN 4 E should be applied only to the following well established ornamental plants and ground covers:

- Alyssum
- Aster
- Begonia
- Bellflower
- Camellia
- Dianthus
- Dracaena
- Euphorbia
- Fuchsia
- Geranium
- Hibiscus
- Impatiens
- Iris
- Juniper
- Marigold
- Mimulus
- Morning Glory
- Nasturtium
- Petunia
- Phlox
- Primrose
- Poinsettia
- Ranunculus
- Rock Rose
- Salvia
- Sedum
- Spider Plant
- Stock
- Sweet Pea
- Wallflower
- Zinnia
