

PROMETON 2.5% LIQUID

Dilute With Water Or Oil For Total Vegetation Control In Driveways, Brick Walks, Paths, Patios, Parking Areas, Play Areas, Along Fences And Curbs, Around Buildings, And Under Graveled Pathways.

Prevents Plant Growth Up To One Year.
One Gallon Covers Up To 800 Square Feet.

ACTIVE INGREDIENTS:

Prometon: 2,4-bis (isopropylamino)-

6-methoxy-s-triazine 2.5%

INERT INGREDIENTS*: 97.5%

*Contains Petroleum Distillate TOTAL 100.0%

Contains 0.25 Lbs. Prometon Per Gallon

KEEP OUT OF REACH OF CHILDREN

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS
AND DOMESTIC ANIMALS**

WARNING

Causes substantial but temporary eye injury. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with eyes, skin or clothing. Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

STATEMENT OF PRACTICAL TREATMENT

If in eyes: Flush eyes with plenty of water. Call a physician if irritation persists.

If swallowed: Call a physician or Poison Control Center. Give water if conscious. May present aspiration hazard. DO NOT induce vomiting.

If on skin: Wash with plenty of soap and water. Get medical advice.

If inhaled: Remove victim to fresh air.

Notes to Physician

If swallowed, lavage stomach, taking care to avoid aspiration of stomach contents into the lungs.

ENVIRONMENTAL HAZARDS

Do not use on slopes or in areas where runoff is likely to occur (apply only to level surfaces). Do not contaminate water used for irrigation or domestic purposes. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not contaminate water when disposing of equipment waste water. Apply this product only as specified on this label.

PHYSICAL AND CHEMICAL HAZARDS

Do not use, pour, spill, or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

STORAGE: Store in original container only, preferably in a locked area. Keep container tightly closed when not in use. Store in a cool, dry place. Do not use food or drink containers for mixing or storage. **PESTICIDE DISPOSAL:** Securely wrap original container in several layers of newspaper and discard in trash. **CONTAINER DISPOSAL:** Do not reuse container. Rinse thoroughly before discarding in trash.

GENERAL INFORMATION

For total weed control on certain areas around the home, the business, or workplace where no plant growth is desired, use as specified in label directions.

Controls bindweed, common mullein, and other hard-to-kill weeds.

Prevents plant growth for up to one year.

This product is a nonselective product intended for use after dilution with water, or an appropriate oil, or other approved carrier. For best results, apply to bare ground or when weed growth is just starting. Weeds taller than 4-6 inches should be hoed before treatment or it may be necessary to make a second application. A second application may be necessary to control deep-rooted perennial weeds. Use for bare ground vegetation control in driveways, brick walks, paths, patios, parking areas, play areas, along fences and curbs, around buildings, and under gravelled pathways where plant growth has come through these surfaces.

ACCEPTED

OCT 18 1982

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under

EPA Reg. No. 34704-450

HOW TO APPLY

For control of annual and susceptible perennial weeds such as downy brome grass, oat grass, goose grass, quack grass, puncture vine, goldenrod, and plaitain. To cover 100 sq. ft., add 1 - 1½ pts. by use of a sprinkling can or other watering or spraying device in sufficient water to get good coverage of the area (e.g., 2½ gals. in sprinkling can). For control of hard-to-kill perennial broadleaf and grass weeds such as bindweed and johnsongrass as well as the biennials common mullein and wild carrot, use 2 - 2¾ qts. in sufficient water to get good coverage. Different grades of mineral oil, diesel fuel, petroleum-based oil, fuel oil, or kerosene may be substituted for water.

When using sprinkling can, triple rinse and pour rinsate on area treated once application is completed. Mix only the quantity needed and use immediately. Do not store dilute solution once container is opened. To minimize lateral movement, sprinkle lightly with a watering can or similar sprinkler device immediately after application.

PRECAUTIONS: (1) Apply when air is calm to avoid the possibility of drift onto desirable plants or grass. (2) Keep away from the roots of desirable plants and trees. (3) Use only in areas where complete control of all vegetation is desired. (4)

THIS VEGETATION KILLER SHOULD NOT BE USED ON CULTIVATED AREAS, ON GROUND THAT IS TO BE CULTIVATED, IN GREENHOUSES, OR NEAR THE DRIP LINE OF TREES OR SHRUBS. (5) Do not use on slopes or in areas where runoff is likely to occur (apply only to level surfaces). (6) Avoid using where adjacent desirable trees, shrubs, or plants may be injured from leaching of the chemical through the soil. (7) Keep children and animals off treated areas until these areas are dry.

NOTICE

Seller warrants that the product conforms to the chemical description and is reasonably fit for the purposes stated on the label when used in accordance with the directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
