REGISTRATION DIVISION (WH-567)
WASHINGTON, D.C. 20460

EPA REGISTRATION NO.

2703 10

DATE OF ISSUANCE

SEP 29 1982

TERM OF ISSUANCE

NAME OF PESTICIDE PRODUCT

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Corning Agricultural Chemical Company
P.O. Box 7082
Madison, WI 53707

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been registered by others.

STATEMENTS OF PRACTICAL TREATMENT

If swallowed: Call a physician or Poison Control Center. Gastric lavage is usually indicated. Do not induce vomiting unless other treatment is not available. Vomiting may cause aspiration pneumonia. If it is necessary to induce vomiting, give two glasses of water and touch back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

If inhaled: Assist respiration as needed.

If on skin: Wash with soap and water.

If in eyes: Flush thoroughly with water, holding eyelids open. Get medical attention.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Avoid breathing vapors or spray mist. For space spraying, wear a pesticide respirator jointly approved by the Mining Enforcement and Safety Administration (MESA) and the National Institute for Occupational Safety and Health (NIOSH) under the provisions of 30 CFR Part 11. Wear clean clothing that covers the body well.

Wash hands, arms and face with soap and water after handling and before eating or smoking. Wash all contaminated clothing with soap and HOT water before reuse.

Do not apply directly to food. Do not apply space spray while food processing is underway. The use of this product in edible product areas of food processing or food handling establishments should be confined to times when the plants or establishments are not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. After spraying in meat packing plants, bakeries and other food processing plants, wash all equipment, benches, shelving, etc., with potable water, where exposed food will be handled. Food processing operations do not have to be stopped while applying a spray with care and in accordance with the directions cautions given above.

When using in animal housing areas, do not apply directly to food, feed supplements, water, related utensils or equipment. Wash teats of dairy animals before milking and nursing animals before young suckle. Do not apply directly to animals except as provided on this label. In zoos, avoid exposure of reptiles.

Remove pets, birds and cover fish aquaria before spraying.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water (except as directed). Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DIRECTIONS FOR USE
(Continued from opposite side panel)

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a cool, dry place. Keep container closed when not in use.

Pesticide Disposal: Pesticide, spray mixture or rinse that cannot be used according to label instructions must be disposed of according to Federal, State or local procedures.

Container Disposal: Triple rinse (or equivalent) and offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by other approved State and local procedures.

PREPARATION NOTES

Warm this product to room temperature and mix well before each use. Keep sprayer unit clean to ensure proper delivery. Calibrate equipment often.

Use care to avoid staining or spotting of wallpaper, fabrics and similar materials. Direct application may injure plants or vegetation.

When computing total indoor volume to be treated by space spray, deduct the volume occupied by furnishings or other materials. Cover sensitive equipment such as data processing or office equipment.

General: This concentrate is designed for use undiluted in mechanical sprayers which give particles of aerosol size. It can also be diluted with refined kerosenes which meet Food Additive Regulation 21 CFR 172.884 and can be applied in logging equipment that gives larger than aerosol particle size. It can also be diluted with oil specified above and applied as a contact spray. The pyrethrins concentration of dilutions recommended on this label can be determined from the following table:

Pyrethrins Concentration	Amount of This Product	Amount of Refined Kerosene
0.1%	1 part	49 parts
0.2%	1 part	24 parts
0.3%	1 part	15 ² / ₃ parts
0.4%	1 part	11 ¹ / ₂ parts
0.5%	1 part	9 parts
0.6%	1 part	7 ¹ / ₃ parts

When a range of rates is recommended, use lower concentrations for light infestations and higher concentration for heavy infestations.

APPLICATION SITES

Refer to accompanying booklet for specific application instructions and additional application sites.

Indoors

Dairies, Mills,
Elevators, Granaries,
Poultry houses,
Dairy and beef barns,
Swine housing,
Food processing plants,
Restaurants, Bakeries,
Institutions, Residences,
Warehouses, Public buildings,
Industrial installations.

Outdoors

Corrals,
Feed lots,
Swine lots,
Municipalities,
Recreation areas

Livestock

Beef cattle
Dairy cattle
Horses, Dogs
