## CAUTION

HARMFUL IF SWALLOWED, INHALED OR ABSORBED THROUGH THE SKIN. Avoid breathing of spray mist. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating or smoking.

Do not contaminate feed, water or foodstuffs.

Do not apply to areas which will be contacted frequently by children and do not allow them in treated areas until surfaces are dry.

If swallowed, induce vomiting immediately and get medical attention. Atropine is antidotal.

### ENVIRONMENTAL HAZARDS

TOXIC TO FISH AND WILDLIFE. Keep out of lakes, ponds and streams. Do not contaminate water by cleaning of equipment or disposal of wastes.

This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

### PHYSICAL AND CHEMICAL HAZARDS

DO NOT USE, POUR, SPILL, OR STORE NEAR HEAT OR OPEN FLAME.

### PRECAUTION IN USING

Applicators should take precaution to avoid contact with the fog or mist. The applicator should use a mask or respirator of a type passed by the U.S. Bureau of Mines for DDVP (Vapona Insecticide) protection.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

### STORAGE AND DISPOSAL

**STORAGE:** Store in original container only, preferably in a locked area. Keep container tightly closed when not in use. Store in a cool, dry place. Do not use food or drink containers for mixing or storage.

**PESTICIDE DISPOSAL:** Securely wrap original container in several layers of newspaper and discard in trash.

**CONTAINER DISPOSAL:** Do not reuse container. Rinse thoroughly before discarding in trash.

### GENERAL DIRECTIONS

This product is a specially prepared insecticide, for use undiluted, for control of Flies, Mosquitoes, Flying Moths, Wasps and Gnats. It can be applied as a wet coarse spray, or with paint brush for spot treatment or as a fog or mist for space spraying.

### APPLICATION AROUND HOMES, PORCHES AND PATIOS

Flies, Mosquitoes, Gnats, Flying Moths and Wasps: Apply as a coarse wet spray or apply with a paint brush to areas on outside of house around cracks, walls and particularly around cracks of doors and window frames. For the protection and prevention of these insects entering into human dwellings make application as a spot treatment. Thorough and repeated application should be made to screens, window frames, door sills on porches and patios where these insects alight or congregate. For the control of wasps spray the nest after dark when all insects have returned to the nest.

### APPLICATION TO OUTDOOR AREAS

For control of Mosquitoes, Flies, Gnats and Flying Moths in picnic areas, outdoor theatres, drive-ins, home yards, communities, resorts, recreational areas, parks, playgrounds and sport areas, apply as a fog or fine mist with fogging equipment. In applying this product undiluted, apply 4 1/2 quarts per acre (for an 0.05 pound per acre dosage) and 10 qts. (for a 0.1 pound per acre dosage). Do not treat areas where food or feed crops are growing.

### NOTICE

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used accordance with the directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
