## CERTIFICATION OF COMPLIANCE

I, being an authorized representative of Platte Chemical Co.,  
certify that all containers of Unitox Granules

, EPA Reg. No. 34704-645,

produced by:

October 23, 1993 (Products registered for use on sites other  
than residential or turf, including sod farms)

June 15, 1994 (Products registered for use only on  
residential or turf sites, excluding sod farms)

October 23, 1993 (Products registered for both types of uses  
of above)

will bear revised labeling in accordance with the revised  
labeling required for Task Force technical and manufacturing  
use products. I further certify that all containers of said  
product sold or distributed by Platte Chemical Co. by:

April 15, 1994 (Products registered for use on sites other  
than residential or turf, including sod farms)

January 1, 1995 (Products registered for use only on  
residential or turf sites, excluding sod farms)

April 15, 1994 (Products registered for both types of uses  
above)

will bear revised labeling in accordance with the revised  
labeling required for Task Force technical and manufacturing  
use products.

## PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

### CAUTION

May be fatal if swallowed, inhaled or absorbed through skin. Symptoms of injury may be delayed. In case of skin contact, wash immediately with water; remove clothing and wash skin where necessary. For eyes, wash thoroughly with water and get medical attention.

When mixing, loading, or applying this product or repairing or cleaning equipment used with this product, wear eye protection (face shield or safety glasses), chemical-resistant gloves, long-sleeved shirt, long pants, socks and shoes. For aerial applicators in enclosed cockpits and applicators applying this product from a tractor that has a completely enclosed cab, eye protection is not required.

Wash hands, face and arms with soap and water as soon as possible after mixing, loading, or applying this product. Wash hands, face and arms with soap and water before eating, smoking, or drinking. Wash hands and arms before using toilet. After work, remove all clothing and shower using soap and water. Do not reuse clothing worn during the previous day's mixing and loading or application of this product without cleaning first. Clothing must be kept and washed separately from other household laundry. Remove saturated clothing as soon as possible and shower.

Persons engaged in open pouring of this product must also wear coveralls or a chemical-resistant apron.

Do not apply under conditions involving possible contamination to food, forage or other plantings that might be damaged or the crops thereof rendered unfit for sale, use or consumption.

Do not contaminate water used for irrigation or domestic purposes. Do not store near fertilizer, seed, insecticides or fungicides.

Thoroughly clean equipment with a suitable chemical cleaner before using for other purposes.

### ENVIRONMENTAL HAZARDS

This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water except as specified on this label. Do not contaminate water when disposing of equipment washwaters.

### Groundwater Contamination:

Most cases of groundwater contamination involving phenoxy herbicides such as 2,4-D have been associated with mixing/loading and disposal sites. Caution should be exercised when handling 2,4-D pesticides at such sites to prevent contamination of groundwater supplies. Use of closed systems for mixing or transferring this pesticide will reduce the probability of spills. Placement of the mixing/loading equipment on an impervious pad to contain spills will help prevent groundwater contamination.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read entire label. Use strictly in accordance with cautions, warnings and directions, and with applicable state and federal regulations.

### STORAGE AND DISPOSAL

**PROHIBITIONS:** Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container. Do not store under conditions which might adversely affect the container or its ability to function properly. Such conditions include, but are not limited to, positioning of the container in storage, storage temperature, potential for crushing or damage due to stacking, and penetration of moisture.

**STORAGE:** Store in safe manner. Store in original container only. Store in cool, dry place. Keep container tightly closed when not in use. Personnel should use clothing and equipment consistent with good pesticide handling. Do not put into food or drink containers.

**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law and may contaminate groundwater. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

### FOR USE IN LAKES AND PONDS

This product is recommended for control of emergent and submerged aquatic weeds such as:

Alligatorweed	Horned pondweed	Southern duckweed
Angels hair	Hornwort	Stinkweed
Arrowhead	Horseshell moss	Stonewort
Burhead	Hydrilla	Tule
Burr reed	Rush	Water milfoil
Cattail	Sago pondweed	Waterplantain
Coontail moss	Sedge	Waterweed

The herbicidal action is quick with effects being visible in a few days. For instance, where a body of water is clogged with stinkweed, use 1/4 pound of this product on 100 sq. ft. of surface. Ground equipment is suggested. When aerial applications are made, they should be made with the approval of the local environmental agent. The maximum dosage for this product should not exceed 100 pounds of granules per acre surface.

393

EPA REG. NO. 34704-645

Do not apply this product through any type of irrigation system. Treatment of aquatic weeds can result in oxygen loss from decomposition of dead weeds. This loss can cause fish suffocation. Therefore, to minimize this hazard treat  $\frac{1}{2}$  to  $\frac{1}{2}$  of the water area in a single operation and wait at least 10-14 days between treatments. Begin treatment along the shore and proceed outwards in bands to allow fish to move into untreated areas. Consult your State Fish and Game Agency before applying this product to public waters.

## NOTICE

PLATTE WARRANTS THAT THIS PRODUCT CONFORMS TO THE CHEMICAL DESCRIPTION ON THE LABEL THEREOF AND IS REASONABLY FIT FOR THE PURPOSES STATED ON SUCH LABEL ONLY WHEN USED IN ACCORDANCE WITH THE DIRECTIONS UNDER NORMAL USE CONDITIONS. IT IS IMPOSSIBLE TO ELIMINATE ALL RISKS INHERENTLY ASSOCIATED WITH THE USE OF THIS PRODUCT. CROP INJURY, INEFFECTIVENESS, OR OTHER UNINTENDED CONSEQUENCES MAY RESULT BECAUSE OF SUCH FACTORS AS WEATHER CONDITIONS, PRESENCE OF OTHER MATERIALS, OR THE MANNER OF USE OR APPLICATION, ALL OF WHICH ARE BEYOND THE CONTROL OF PLATTE. IN NO CASE SHALL PLATTE BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. ALL SUCH RISKS SHALL BE ASSUMED BY THE BUYER.

EXCEPT AS EXPRESSLY PROVIDED HEREIN, PLATTE MAKES NO WARRANTIES, GUARANTEES, OR REPRESENTATIONS OF ANY KIND, EITHER EXPRESSED OR IMPLIED, OR BY USAGE OF TRADE, STATUTORY OR OTHERWISE, WITH REGARD TO THE PRODUCT SOLD, INCLUDING, BUT NOT LIMITED TO, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, USE OR ELIGIBILITY OF THE PRODUCT FOR ANY PARTICULAR TRADE USAGE.
