Glenda Haage Platte Chemical Company 419 18<sup>th</sup> Street Greeley, CO. 80631 OFFICE OF PREVENTION, PESTICIDES AND TOXIC SUBSTANCES

Subject:

Wettable Sulfur Fungicide-Insecticide

EPA Reg. No. 34704-734

Your Letter Dated October 10, 2001

Dear Ms. Haage:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable provided the following change is made:

Under Environmental Hazards, in the first sentence, delete the phrase 'For terrestrial uses'.

A stamped copy is enclosed for your records. Please submit one (1) copy of your final printed labeling before you release the product for shipment.

If you have any questions, please contact Summer Gardner-Jenkins of my staff at (703) 308-9353

Sincerely,

Mary L. Waller

#### PHYSICAL OR CHEMICAL HAZARDS

Keep away from heat, sparks, or flame. Do not smoke white applying this product.

#### **ENVIRONMENTAL HAZARDS**

For <u>Interestrial uses</u>, do not apply directly to water, or to areas where surface water is present or to interlidal areas below the mean high water mark. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this labeling.

#### **DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

#### **AGRICULTURAL USE REQUIREMENTS**

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 24 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water, is:

Coveralls, waterproof gloves, and shoes plus socks.

#### WETTABLE SULFUR EPA REG. NO. 34704-734
