PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER

Corrosive, causes eye damage. Wear goggles or face shield when handling. Do not get in eyes, on skin or clothing. Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing of dust. Wash thoroughly after handling and before eating or smoking. Do not contaminate feed or foodstuffs.

STATEMENT OF PRACTICAL TREATMENT

If In Eyes: Flush with plenty of running water. Get medical attention.

If On Skin: Remove contaminated clothing and wash affected areas with plenty of soap and water. If irritation persists get medical attention.

If Inhaled: Remove victim to fresh air. Apply artificial respiration if indicated.

If Swallowed: Call a physician or Poison Control Center immediately. Induce vomiting by giving 1 or 2 glasses of water and touching back of throat with finger. Never induce vomiting or give anything by mouth to an unconscious person.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

GENERAL INFORMATION

This product is a premium blend of lawn fertilizer and moss control specifically formulated for western lawns. Not for use on turf being grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes. Treated moss turns black quickly, indicating that the moss is dying. Large areas of dead moss should be raked away and overseeded with Webfoot Blue Ribbon Lawn Seed or other high quality lawn seed.

HOW TO APPLY:

1. Mow the lawn to expose as much moss as possible. If possible, catch or rake and remove clippings.
2. Apply uniformly at the recommended use rate using a quality lawn spreader. Contents of 40 lb. bag covers 5,000 sq. ft. (1 lb. covers 125 sq. ft.).
3. Apply when sidewalks are dry. Sweep sidewalks and masonry free of this product prior to lawn watering. This product contains iron sulfate which may stain concrete and masonry.
4. Water thoroughly following application.

AMOUNT TO APPLY: For established lawns, apply at the rate of 40 lbs. to cover 5,000 sq. ft.

MOSS CONTROL PLUS LAWN FOOD

EPA REG. NO. 34704-745

SUGGESTED SPREADER SETTINGS: The following spreader settings are for use with new equipment at average walking speed and level terrain. A used spreader may need calibration. Many factors, such as incorrect settings, walking speed, terrain, wear, spreader calibration and general condition of the spreader can affect the rate of application. Since these conditions are beyond our control, neither the formulator nor the retail merchant can guarantee exact coverage as indicated by the recommended spreader settings. If you have reason to believe that your spreader is not calibrated correctly, test apply by placing the amount needed to cover 500 sq. ft. into your spreader and apply to a pre-measured 500 sq. ft. area. If you run out before covering the pre-measured area, decrease the spreader setting. If additional product is left in spreader hopper, increase the spreader setting. For further assistance, refer to your Spreader Guide manual.

SPREADER SETTINGS CHART

Ortho Drop	6.5	Scott's PF 3	8.0
Ortho Broadcast	6.5	Spyker Broadcast	4.75

FOR A GREAT LOOKING LAWN YEAR AROUND:

1. Apply this product in the early spring.
2. When dandelions or other broadleaf weeds appear, apply **WEBFOOT WEED AND FEED**.
3. For ideal summer care apply **WEBFOOT TURF TREET**.
4. Before you put your lawn to bed in the fall apply **WEBFOOT FALL AND WINTERGREEN**.
