Clover*	Kentucky Bluegrass	Torpedograss
Common Mullein	Nimblewill	Virginia Creeper
Common Plantain	Nutgrass (Nutsedge)	Wild Blackberry
Creeping Beggarweed	Orchardgrass	Wild Carrot
Creeping Charlie	Poison Ivy	Yellow Oxalis
Creeping Lantana	Poison Oak	Zoysiagrass

* Annual or Biennial

What is this product and what will it do?

KLEENUP® Ready to Use Grass & Weed Killer is a weed killer that will kill all vegetation contacted. It moves throughout the weed, killing roots, foliage and all. Gives complete kill of tough weeds in flower beds, around trees, shrubs, walks, driveways, mulch, and in lawns as a spot spray.

What will I see?

Weeds will show browning, yellowing, and wilting usually within 3 days with complete browning and kill in 1-2 weeks.

(Kleenup Ready to Use contains a blue (other color) marker (dye) that allows you to see treated weeds. The marker (dye) is non-staining and will fade away with exposure to sunlight and water.) (If marker contacts skin or clothing, it is easily removed by washing with soap and water.) [For use with alternate formula that has dye.]

HOW TO USE

Apply with hand trigger sprayer. Sprayer nozzle should be adjusted to allow a coarse spray or jet stream for spot treatment as needed for applying to cover area occupied by unwanted weeds or grasses. Stand close to weed (1 or 2 feet) with spray nozzle aimed at weed and away

3 of 3

KLEENUP® GRASS & WEED KILLER

EPA REG. NO. 34704-

from face. Spray to cover center of weed. Do not overspray. One application will kill most weeds listed. If certain tough weeds, i.e. Bermudagrass, Canada Thistle or Field Bindweed are not completely controlled within 2 weeks, repeat application.

IMPORTANT

KLEENUP® Grass & Weed Killer is a contact herbicide that will kill all green plant tissue. Be careful when treating weeds not to spray surrounding desirable plants or they will also be killed. Spot treatment in lawns will create dead spots until regrowth occurs. Avoid spraying under conditions involving possible drift to desirable plants. Do not apply when rainfall is expected within 6 hours of application as weed control will be reduced. If spray accidentally contact desirable foliage, wash off immediately with water.

STORAGE AND DISPOSAL

STORAGE: Keep pesticide in original container. Do not put pesticide into food or drink containers. Avoid contamination of feed and food-stuffs. Store in a cool, dry place, preferably in a locked storage area. Keep from freezing.

IMPORTANT: After each use, rotate nozzle to closed position, if so equipped. If spray head is mounted on a flexible hose, store nozzle higher than liquid level of container to avoid leakage or siphoning.

DISPOSAL: Product: Partially filled container may be disposed of by securely wrapping original container in several layers of newspaper and discard in trash. Container: Do not reuse empty container. Rinse thoroughly before discarding in trash.

NOTICE

PLATTE WARRANTS THAT THIS PRODUCT CONFORMS TO THE CHEMICAL DESCRIPTION ON THE LABEL THEREOF AND IS REASONABLY FIT FOR THE PURPOSES STATED ON SUCH LABEL ONLY WHEN USED IN ACCORDANCE WITH THE DIRECTIONS UNDER NORMAL USE CONDITIONS. IT IS IMPOSSIBLE TO ELIMINATE ALL RISKS INHERENTLY ASSOCIATED WITH THE USE OF THIS PRODUCT.
