	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT Du-Well 7.5% Algacide	

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
 (Under the Federal Insecticide, Fungicide,
 and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Wal-Ben Industries, Inc.
 516 Chicopee Street
 Chicopee, MA 01013

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 34743-11."

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Chicopee, Mass. 01013

NET CONTENTS

DIRECTIONS FOR USE IN SWIMMING
POOLS:

It is a violation of Federal Law to use this product in a manner
inconsistent with its labeling.

Initial Dose: add 1.33 gallon of 7.5% Du-Well Algaecide swimming pool algaecide
to 50,000 gallons of pool water.

Maintenance Dose: add 1/3 quart of 7.5% Du-Well Algaecide swimming pool
algaecide to 50,000 gallons of pool water.

Initial dose is used when filling pool at beginning of swimming
season. If pool has visible algae growth, treat with initial dose.
Vacuum pool after 24 hours to remove algae debris. If visible
algae are still present or re-appear, repeat this treatment
procedure as necessary. When pool is free of visible algae, use the
recommended maintenance dose.

Maintenance dose should be added at 3-5 day intervals. If high
temperatures prevail or pool has unusually heavy use, add
maintenance dose more frequently.

If make-up water is added to the rate of more than 10% per week
of pool capacity, add 1/3 quart of 7.5% Du-Well Algaecide for each 10,000
gallons of fresh make-up water added per week.

When swimming season is over, add 1/3 gallon of 7.5% Du-Well Algaecide
to 50,000 gallons of water in treating water left in pool. This dose
helps provide a measure of control of algae growth during the
winter months. This treatment will also help the servicing of the
pool before it is returned to use the following season.

When 7.5% Du-Well Algaecide is used as directed, it will kill and prevent
development of Chlorella pyrenoidosa (green), Phormidium
mundulum and Phoridium retzii (blue-green algae),
Lyngba versicolor (blue-green) and other swimming pool algae.

7.5% Du-Well Algaecide is compatible with most commonly used swimming
pool chemicals, but should not be mixed with soap or other
water-treating chemicals. 7.5% Du-Well Algaecide works best when added
by itself directly to pool water. 7.5% Du-Well Algaecide at use dilution is
non-corrosive to inanimate surfaces.

DIRECTIONS FOR USE IN OUTSIDE SPA/
WHIRLPOOLS/ HOT TUB

Initial Dose: Add 17.1 ounces of 7.5% Du-Well Algaecide swimming pool algaecide
to 5,000 gallons of water. Initial dose is used upon filling of Spa/Whirlpool/Hot Tub
Bath.

Maintenance Dose: Add 4.3 ounces of 7.5% Du-Well Algaecide swimming
pool algaecide per 5,000 gallons of water. Maintenance dose
should be added at 3-5 day intervals. If high temperatures prevail
or Spa/Whirlpool/Hot Tub Bath has unusually heavy use, add
maintenance dose more frequently.

Drain and clean Spa/Whirlpool/Hot Tub Bath at least once a
month or as needed depending upon bather load.

PRECAUTIONS

Hazard to Man

Keep Out of Reach of Children and skin damage. Do not get
in eyes. Wear goggles or face shield and
respirator if swallowed. Avoid

STATEMENT OF

In case of contact, immediately
flush with water for at least 15 minutes
