Subject: Elite Professional Bleach  
EPA Registration No. 34743-15  
Application Date: August 29, 2002  
Receipt Date: September 5, 2002

Dear Ms. Bernier:

This amendment is in response to an August 1, 2002 letter from the Agency requesting that labeling changes and a new Confidential Statement of Formula were required before further actions could be considered for this product.

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with conditions.

- change the primary name of the product
- revised directions for use
- revised "Ingredient" statement
- revised "Environmental Hazards" statement
- revised Precautionary" statement

**Conditions**

1. Add the heading **Environmental Hazards** above the phrase "This product is toxic to fish and aquatic organisms."
2. The First Aid statement must be updated according to the enclosed PR Notice 2001-1.
3. Revise the contact times to reflect 2 minutes under the following headings:

Floors, Walls, Bathtubs and Showers  
Wooden Surfaces

CONCURRENCES

| SURNAME | Mitchell |  |  |  |  |  |  |
| DATE    | 11-25-02 |  |  |  |  |  |  |

**General Comments**

*Please note the new primary brand name (Elite Professional Bleach ) is acceptable and that this registration is for an industrial/institutional product and can no longer be used as a homeowner product.*

*The revised basic confidential statement of formula (CSF) dated 8/29/02 is acceptable and supersedes all previously accepted basic formulas.*

*A stamped copy of the accepted labeling is enclosed. Submit a copy of your final printed labeling before distributing or selling the product bearing the revised labeling.*

*Should you have any questions or comments concerning this letter, please contact Wanda Mitchell at (703) 308-6345.*

*Sincerely,*

*Robert S. Brennis  
Product Manager - Team 32  
Regulatory Management Branch  
Antimicrobials Division (7510C)*

ACCEPTED

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in manner inconsistent with its labeling.

One tablespoon of Elite Bleach in a gallon of water is equivalent to 200 parts per million (ppm) available chlorine.

## INSTRUCCIONES PARA EL USO

Es una violación de la ley federal usar este producto de una manera inconsistente con la designación de la etiqueta sellada.

Una cucharada del Agente Blanqueador Elite en un galón de agua es el equivalente de 200 partes por millón (ppm) de cloro disponible.

**SANITIZING:** Hard non-porous food contact surfaces, Refrigerators, Freezers, and Countertops: **Mixture:** 1 Tablespoon Bleach to 1 Gallon of Water (200ppm). **Instructions:** Wash, rinse, and wipe with Bleach solution at least 2 minutes. Let air dry.

**DISINFECTING:** Floors, Walls, Bathtubs, and Showers: **Mixture:** 3/4 Cup of Bleach to 1 Gallon of Water (1800ppm).

**Instructions:** Pre-wash items, soak in Bleach solution for at least 5 minutes. Rinse completely and let air dry. **Mops, Brushes, Brooms, Rags:** **Instructions:** Pre-wash items, soak in Bleach solution for at least 5 minutes. Rinse completely and let air dry.

**DEODORIZING:** Garbage Cans: **Mixture:** 1/4 Cup to 1 Gallon of water (600ppm). **Instructions:** After washing and rinsing thoroughly, brush inside with bleach solution for 60 seconds. Do not rinse. Let air dry. **Drains:** **Mixture:** 1 Cup to 1 Gallon of water. **Instructions:** Pour into drain and flush with hot water.

**BLEACHING/WHITENING:** Wooden Surfaces: **Mixture:** 3/4 Cup to 1 Gallon of water (1800ppm). **Instructions:** Apply for 5 minutes and then rinse.

**MOLD, MILDEW, AND STAIN REMOVAL:** All Surfaces: **Mixture:** 3/4 Cup to 1 Gallon of water (1800ppm). **Instructions:** Add Bleach solution to detergent, apply for 5 minutes, wipe and rinse.

**Storage and Disposal:** Store this product in a cool, dry area, away from direct sunlight and heat to avoid deterioration. In case of spill, flood areas with large quantities of water. Product or residues that cannot be used should be diluted with water before disposal in a sanitary sewer. Do not reuse empty container but place in trash collection. Do not contaminate food or feed by storage, disposal or cleaning of equipment.

**Precautionary Statements: Hazards to humans and domestic animals. This product is toxic to fish and aquatics. DANGER: Corrosive: Causes irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through the skin. Do not get in eyes, on skin or on clothing. Do not breathe dust, vapor or mist. Wear goggles, face shield or safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.**

**Statement of Practical Treatment (First Aid) if CONTACT WITH EYES OCCURS.** Flush with water for at least 15 minutes. Get prompt medical attention. **if CONTACT WITH SKIN OCCURS.** Wash with plenty of soap and water. **if SWALLOWED.** Drink large amounts of water. **DO NOT induce vomiting.** Call physician or poison control center immediately.

**PHYSICAL OR CHEMICAL HAZARDS: STRONG OXIDIZING AGENT:** Mix only with water according to label directions. Mixing this product with chemicals (e.g. ammonia, acids, detergents, etc.) or organic matter (e.g. urine, feces, etc.) will release chlorine gas which is irritating to eyes, lungs, and mucous membranes.

**SANEAR:** Superficies duras y sin porosidad en contacto con alimentos, Refrigeradores, congeladores, y mostradores: **Mezcla:** 1 cucharada grande de blanqueador con 1 galón de agua (200ppm). **Instrucciones:** Lave, enjuague y limpie con la solución de blanqueador por lo menos 2 minutos. Déjese secar al aire.

**DESINFECTAR:** Suelos, paredes, bañeras y duchas: **Mezcla:** 3/4 de taza de blanqueador con 1 galón de agua (1800ppm). **Instrucciones:** Pre-lave y remoje con la solución de blanqueador por lo menos 5 minutos. Enjuague completamente y déjese secar al aire. **Frega-suelos, cepillos y escobas:** **Instrucciones:** Pre-lave y remoje con la solución de blanqueador por lo menos 5 minutos. Enjuague completamente y déjese secar al aire.

**DESODORIZAR:** Recipientes de basura: **Mezcla:** 1/4 de taza de blanqueador con 1 galón de agua (600ppm). **Instrucciones:** Después de lavar y enjuagar, cepille el interior con solución de blanqueador por 60 segundos. No enjuague. Déjese secar al aire. **Desagüaderos:** **Mezcla:** 1 taza de blanqueador con 1 galón de agua. **Instrucciones:** Derrame la solución en el desagüadero y agregue agua caliente del chorro.

**BLANQUEAR:** Superficies de madera: **Mezcla:** 3/4 de taza de blanqueador con 1 galón de agua (1800ppm). **Instrucciones:** Aplique por 5 minutos, luego enjuague.

**MOHO, REMOVEDOR DE MANCHAS:** Todas las superficies: **Mezcla:** 3/4 de taza de blanqueador con 1 galón de agua (1800ppm). **Instrucciones:** Agregue la solución con detergente, aplique por 5 minutos, limpie y enjuague.

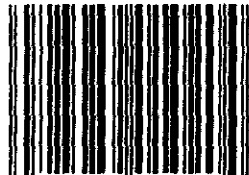

**Almacenamiento y Eliminación:** Almacene este producto en una area seca y fresca, lejos de la luz del sol y calor directo para evitar deterioración. En caso de derrame, lava el area con cantidades grandes de agua. Producto o sobrantes que no se van a usar deben de ser deluidos con agua antes de eliminarlos en el desague sanitario. No reuse contenedores vacios, se deben eliminar en la basura que es colectada. No contamine alimentos al ser almacenados, eliminados o al limpiar el equipo.

**Informe de Precauciones:** Dañino para humanos y animales domesticos. Este producto es toxico para peces y especies acuaticas. **PILEGRO:** Corrosivo: Causa daño irreversible a los ojos. Puede ser mort al si se inhala. Dañino si se traga o absorbe a traves de la piel. No lo ponga en contacto con los ojos, piel o ropa. No aspire cuando polvo, vap or o humedad esten presentes. Use protector de ojos, de cara o lentes de se seguridad. Lavese bien con jabón and agua despues de tocarlo. Quite la ropa contaminada y lavela antes de usarla otra vez. **Indicaciones de Tratamiento Práctico (Primeros Auxilios):** Si ocurriera contacto con los ojos, lavese los ojos con agua por lo menos 15 minutos. Busque atención médica pronto. Si ocurriera contacto con la piel, lavese la piel afectada con bastante jabon y agua. Si es injendo, tome bastante agua. Llame al médico o al centro de control de venenos inmediatamente.

**Peligro Físico o Químico: Fuerte Agente Oxido:** Mezcle solamente con agua de acuerdo a la instrucciones en la etiqueta. Mezclar este productos con quimicos (como amonia, acidos, detergentes, etc.) o materia organica (como orina, heces, etc.) va a desatar gases de cloro, los cuales son irritantes para los ojos, pulmones, y membranas mucosas.
