# PROVEN BEST BY PROFESSIONAL USE

## INSECTICIDE SPRAY II

### for KITCHEN, RESTAURANT, BAKERY AND HOME USE

**CAUTION: Keep out of reach of Children**

See back panel for additional cautions

Net Weight: 14 oz.

### DIRECTIONS

Remove cap, point valve away from you and press button down. Keep container 3 feet from all objects when spraying.

**To kill flying insects** — flies, mosquitoes, gnats, flying moths, hornets, wasps — close doors and windows for 10 minutes during treatment. Spray upward toward corners of rooms. Sweep air with spray about 6 seconds for average (10 x 10) room. Spray directly toward insects whenever possible.

**To kill crawling insects** — roaches, silverfish, waterbugs, spiders, crickets, centipedes — spray hiding places such as baseboards, crevices, openings around sinks and pipes, under cabinets and refrigerators. Spray directly on bugs when possible. Avoid direct spraying on food. Repeat spraying as necessary.

**To kill bed bugs** — spray bed frame, springs and mattress. Spray floor boards, moldings and baseboards. Repeat at frequent intervals.

**To kill fleas** — spray floor coverings and sleeping quarters of pets. Repeat as necessary.

**To kill ants** — spray nests, trails, and around window sills and door frames, hitting ants directly if possible. Repeat as necessary.
