PRECAUTIONARY STATEMENT
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION
Harmful if swallowed. Avoid contact with eyes, skin or clothing. Wash hands after use. Cover or remove exposed foods. Avoid contamination of cooking utensils and food preparation surfaces. Do not spray animals. Remove pets, birds and cover fish aquariums before spraying. Do not use on food crops.
In case of eye contact, flush eyes with plenty of water. Get medical attention if irritation persists.
PHYSICAL AND CHEMICAL HAZARDS
Contents under pressure. Do not use near heat or open flame. Exposure to temperatures above 130° may cause bursting. Do not use this product in or on electrical equipment due to the possibility of shock hazard.

STORAGE: Keep in locked storage area.
CONTAINER DISPOSAL: Replace cap and discard container in trash.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Shake well before each use. Remove protective cap. Aim spray opening away from person. Push button to spray. Food should be removed or carefully covered before treatment. All food processing surfaces should be covered before treatment or thoroughly cleaned before using. In food processing plants apply only when plants are not in operation.
FOR HOUSE FLIES, MOSQUITOES, AND GNATS: Close all doors and windows. Point nozzle upward, direct the spray mist to all parts of the room, especially windows and other light sources, which attract these insects. Fill the room with mist, then leave the treated area. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is completed.
WASPS: Application should be made in late evening when insects are at rest. Spray liberally into hiding and breeding places, contacting as many insects as possible. Repeat as necessary.
FOR CRAWLING INSECTS: Roaches, earwig, grain mites, soubugs, spiders and centipedes: Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, baseboards, and storage areas. Spray directly on insects where possible. Repeat as necessary.
ANTS: Spray trails, nests and points of entry. Spray on ants where possible. Repeat as necessary.
TO KILL BEDBUGS AND LICE: Apply as a spot treatment to cracks and crevices around baseboards, floorboards, bedboards, and walls. First, thoroughly clean and air mattresses and springs. Then spot treat only areas that may harbor pests, concentrating on tufts, folds and seams. Repeat as necessary. For persistent infestations, consult professional applicator.

WARRANTY STATEMENT
Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee, expressed or implied is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practice. The buyer must assume all responsibilities, including injury or damage, resulting from its misuse as such, or in combination with other materials.
