THYMO-CIDE
Concentrated Germicidal Detergent

THYMO-CIDE is used for cleaning, disinfecting and deodorizing floors, walls, and other hard surfaces. Especially suited for use in Operating Rooms, Intensive Care, Nurseries, Emergency Areas, Patient Rooms and Rest Rooms. When used as directed THYMO-CIDE is effective against gram negative and gram positive microorganisms such as Staphylococcus aureus, Salmonella choleraesuis, Pseudomonas aeruginosa, Pathogenic fungi, Mycobacterium tuberculosis and enveloped viruses, such as Influenza A (H3N2-Hong Kong), herpes simplex Type 1, and Vaccinia, in the presence of up to 400 ppm hard water and 5% soil.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For all disinfection of hard surfaces in hospitals, health care facilities, schools and nursing homes, such as floors, walls, bathroom fixtures, shower stalls, use THYMO-CIDE at 1 ounce per gallon of water. THYMO-CIDE use-dilution may be applied with a cloth, mop or brush on surfaces such as stainless steel, chrome, glass, vinyl, ceramic, and terrazzo. Wet all non-porous environmental surfaces with moderate organic soil load thoroughly for at least ten minutes. Use-dilution of THYMO-CIDE should be changed daily or sooner if it becomes over diluted or soiled.

THYMO-CIDE is effective against Influenza A³ Hong Kong, Herpes Simplex Type 2, and Vaccinia viruses in 400 ppm hard water and 5% organic soil for inanimate hard surfaces. THYMO-CIDE is a synthetic germicidal detergent with broad spectrum kill of both gram positive and gram negative microorganisms.

Contains biodegradable detergents and is phosphate free. DO NOT MIX WITH OTHER CLEANERS. For gross filth or heavy soil a pre-cleaning step is required.

CAUTION

KEEP OUT OF REACH OF CHILDREN. Corrosive, causes eye damage and skin irritation. Avoid breathing spray mist. Do not get in eyes, on skin or on clothing. Wear rubber gloves and safety glasses when handling concentrate. Harmful if swallowed. Avoid contamination of food.

STORAGE and DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container. Triple rinse (or equivalent), then offer for recycling or reconditioning, or dispose of in a sanitary landfill or by incineration, if allowed by state and local authorities. Consult federal, state or local disposal authorities for approved alternative procedure.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol and call a physician.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.
